

# CHEST WORKERS TO REPORT THIS EVENING REJECT HITLER STAND

## First Reports In Chest Drive Are Scheduled

Army Of Workers To Meet  
At The Cathedral At  
6:30 o'clock

DIVISION TEAMS  
ARE WORKING HARD

Goal Of Campaign Is \$70,000  
—Optimism Seen At  
Headquarters

The army of Community Chest collectors will meet at the Cathedral tonight for a tally of their first report figures in their subscription drive for \$70,000 launched Thursday night.

Spent Busy Week End  
With a busy week end of solicitation behind them, the scores of campaign teams continued their prospect-visitation this afternoon in the hopes that victory will be in sight when the 6:30 dinner occurs tonight.

Community Chest drive leaders were optimistic over tonight's first rally.

Report To Be Snappy  
After the workers dine tonight, General Chairman Fred L. Rents and his campaign aides will assume charge of the business to be handled. Snappy division reports will be heard, the total will be figured and, if the \$70,000 budget still needs contributions, the workers will leave to resume more vigorous solicitation. In that case another report meeting will occur on Tuesday night.

Division teams will be active today, the fourth they have had to campaign since the drive was launched at a dinner-meeting last Thursday. Over Sunday the chest headquarters, Greer building, remained open to provide assistance for workers who desired advice.

General Chairman Rents and Bert Wells, director of the community drive, asked campaign workers to make every effort to be present tonight.

## PA NEW OBSERVES

A visit to any of Pennsylvania's wooded areas is a real treat now, the woods being resplendent with the beauties of nature. Cook's Forest and the surrounding area is a blaze of glory, one of Pa. New's boys found Sunday. He noted quite a number of New Castle people there.

Citizen's Conservation Camps have become well organized, and considerable work is being done in the state forests, New Castle visitors to the camps at Clear Creek and Cook's Forest noted Sunday. At Clear Creek, the boys in camp have a 57-inch rattler for \$2. However, they don't handle the thing, but keep it in a box with a double layer of wire netting over the top.

Pennsylvanians do not have to go out of their own state to gain a view of most gorgeous scenery. Sunday as one drove along any road the colors of the trees and shrubbery that could be seen on hillsides and in the valleys presented colors that only the hand of nature could produce.

Motorists, who use the West Pittsburgh road, are hoping that the State Highway Department will erect protecting fences at several dangerous spots along the road, which are flanked by deep gulches. They feel that the road will be quite hazardous to drive over this winter when the snow and ice comes.

Motorists will welcome the day when some sort of resurfacing is (Continued On Page Two)

## Soviet Threatens Some Surprises If War Comes

(International News Service)  
PEIPING, Oct. 16.—Bespeaking possibility of open warfare between Russia and Japan the spokesman of the Soviet embassy today threatened Japan with "many surprises in the event of hostilities."

The spokesman's threat, presumably made with the knowledge and approval of Moscow, was a sensational development in the diplomatic tug-of-war between the two nations in the Chinese eastern railway dispute, which Japan has sought to minimize.

The spokesman made his statement in commenting on a Chinese report that three Russian airplanes from Mongolia reconnoitered Jehoi City, capital of the province of the same name recently conquered by Japanese troops, for three hours last Thursday.

According to the Chinese dispatch, the planes were finally driven off by Japanese anti-aircraft guns and scurried north.

"There are many surprises in store for Japan in the event of Russo-Japanese hostilities," said the spokesman. "Especially in the air, as well as in the modernized land and sea defenses at Vladivostok."

One of the bandits was identified as Walter Dietrich, St. Louis had been who escaped from the Indiana State prison at Michigan City September 8.

Patrolmen Fred Kruger and Henry West, both of whom identified Dietrich were sitting in the city hall police headquarters when the two bandits entered. They covered the two policemen with revolvers and locked them in a cell. They then removed the entire police arsenal, including a sub-machine gun and a large quantity of ammunition to a waiting automobile. The guns were valued at \$1,000. Sheriff John Hoff asked police of Indiana, Michigan and Ohio to hunt for the two thugs.

## Senator Reed Scores Removal Of Postmasters

Rejects Invitation To Attend  
Dinner Honoring Democratic Successor

ASSAILS METHODS USED BY DEMOCRATS

(International News Service)  
PITTSBURGH, Oct. 16.—With a condemnation of the dismissal of Postmaster Anderson of Pittsburgh in favor of a Democratic successor, United States Senator James A. Reed, Republican, today spurned an invitation to attend a dinner here honoring William M. Turner, new Democratic postmaster.

The invitation was sent Reed by T. C. Cruse, chairman of the committee sponsoring the dinner. In his letter refusing to attend, Reed wrote: "I am grateful to you personally for the invitation, but I could not possibly accept it because I feel that the dismissal of Postmaster Anderson in the middle of his term was brutal and indefensible."

"I thought that we had gotten away from the spoils system in the (Continued On Page Two)

Armament Race In Europe  
Would Lead To Great  
World Catastrophe

By KINGSBURY SMITH  
International News Service Staff

WASHINGTON, Oct. 16.—Out of the stupified haze of uncertainty created by Germany's sudden decision to defy the League and the disarmament conference, there came today a determination on the part of this government to fight harder than ever for the cause of international disarmament.

Recovering from the shock of Germany's defiant action, Secretary of State Hull's first reaction was that every possible effort must be made to keep the disarmament conference alive and prevent an armament race in Europe.

Sources close to the secretary revealed he feels and lethargy at the present time, especially on the part of the Anglo-Saxon nations, might undo all the progress that has been made in the cause of disarmament during the past 14 years. For this reason the secretary was said to regret reports from Geneva that the British at first favored adjournment of the meeting of the disarmament conference scheduled for tomorrow.

Nazi Demonstrations Cause  
Authorities To Close  
All Colleges

(International News Service)  
VIENNA, Oct. 16.—Demonstrations by Nazi students in Vienna Innsbruck and Graz today caused authorities to close all Austrian universities until further notice.

Three students were injured in riots here and a score were arrested.

Opening sessions at the Vienna University and technical high school were disrupted when students set off firecrackers and displayed the Nazi emblem.

The special university police, created by the government to cope with such disturbances, was called into action for the first time.

## President Launches Program To Release Billion Frozen Assets

(International News Service)  
WASHINGTON, Oct. 16.—President Roosevelt's program for releasing more than a billion dollars in frozen assets in closed banks was under way today under the agency of the deposit liquidation board, a special division of the Reconstruction Finance corporation.

In announcing the establishment of the board, the president also made public his choice of C. B. Merriam as chairman of the new organization. Merriam is a board member of the R. F. C.

Other members of the board are Jesse H. Jones, chairman of the board of the R. F. C.; Under Secretary of the Treasury Dean Acheson, Budget Director Lewis Douglas, J. F. T. O'Connor, comptroller of the currency, and Walter J. Cummings, chairman of the Deposit Insurance corporation.

Mr. Roosevelt's program is to supply the initial funds from the R. F. C. and later to supplement this by funds from the Deposit Insurance (Continued On Page Two)

## WILL ROGERS says:

(Special To The News)  
SANTA MONICA, Cal., Oct. 16.—So Germany, left t h e League! Well, we never even went in.

The poor old League never had a chance, for it had no power. It tried to keep everybody good by having 'em sign a pledge (but there was nothing they could do to you if you broke the pledge).

They didn't need guns to make the League a real success.

An economic boycott against any nation by all the others would have done the trick. Let the world quit trading with Japan and China will have Manchuria back by breakfast time.

Nations will give up their lives (even cheer about it)—they will give up their money in order to give up their lives, but to ask one to give up their trade to prevent a war! Well, that has never been done.

Yours,  
Will Rogers

## GENEVA DELEGATES DECLARE GERMANY'S REASONS INVALID

Disarmament Conference Is  
Adjourned Until  
October 26

PLAN OF ACTION  
TO BE WORKED OUT

Nations Seek Time To De-  
cide Upon Future Plan;  
Still Hope For Parley

(International News Service)  
GENEVA, Oct. 16.—The reasons given by Germany for her precipitate withdrawal from the disarmament conference were ruled invalid today by the general commission, which then voted to adjourn until October 26.

The commission formally approved a letter written by Arthur Henderson, chairman of the conference, for communication to German Foreign Minister Baron Konstantin Von Neurath.

Three Fail To Vote  
In a surprise move, however, Soviet Russia, Turkey and Poland abstained from voting on the letter and Hungary placed herself in the same situation as Germany but without withdrawing from the League by declaring the treaties binding her must be taken into consideration in any further disarmament discussion.

Poland abstained from voting in protest against the big powers attempting to "settle everything" by themselves.

M. Dovgalevski, Russian delegate, declared Soviet Russia was not a party with the big powers in negotiations with Germany. The Polish representative voiced a similar opinion but said he had no objection to the letter being sent.

Henderson replied to the Polish delegate, insisting that Poland was a member of the steering committee. Col. Joseph Beck, Polish foreign minister, remained in the corridor during the discussion, taking no part in the proceedings.

Germany's Reasons Assailed  
Henderson's letter expressed regret over Germany's withdrawal "for reason which I cannot accept as valid." The reasons were listed as follows:

1. That the conference cannot achieve its desired results.  
2. That heavily armed nations are solely to blame for Germany's withdrawal.

3. That it is impossible for Germany to attain her much-desired arms equality under present circumstances.

For the present, Henderson asked the commission in view of "altered circumstances" only to take note of the program of work outlined by British Foreign Secretary Sir John Simon on Saturday.

This program called for general agreement on an eight year period of gradual disarmament, at the end of which Germany would be granted equality.

## More Views Of World On German League Bolt

(International News Service)  
LONDON, Oct. 16.—The London Daily Sketch today published a fiery declaration by Chancellor Hitler of Germany defending his country's withdrawal from the disarmament conference and the League of Nations.

In the statement Hitler denied charges that Germany was threatening to endanger world peace. "The world can be assured we have no intention of playing with fire," the declaration stated. "We don't want war which would result only in chaos and Bolshevism."

(International News Service)  
NEVADA, Mo., Oct. 16.—Because he ran over John ("Casey") Jones' dog with his automobile yesterday Arthur Knapp, 23, is dead today and Jones faces a murder charge.

Miss Geneva Irwin, 21, was riding in the car with Knapp when it ran over and broke the dog's leg. Two hours later they were leaving a store in the business district, according to police, when Jones approached the couple and addressed Knapp:

"Aren't you the fellow who ran over my dog?"

As Knapp admitted he was, Jones pulled a gun from beneath his sweater and shot him.

Soon comes the time when summer birds begin their southern trip, to stay the winter's wintry blast and fool the cold and grip. And friends of mine with lots of dough will soon begin to go, down to the spots where sun is found and never frost and snow. And while the wintry blizzards rage around my humble door they'll send me cards about their game and taunt me with their score. And send me pictures of a beach where waves come rolling in, those cards annoy me very much and soon they will begin. For summer birds will soon go south, to loaf and sleep and play, the while we labor in the north, it's seventy one today.

# REPORT NEW DEFECTIONS IN COAL STRIKE

## New Conferences On Frick Strike

West Virginia Steel Strike Is Reported As Little Changed

## WEIR TO CONFER WITH LABOR BOARD

(International News Service) PITTSBURGH, Oct. 16.—Although new defections were not today in the ranks of striking soft coal miners, the steel and coal strikes marked time awaiting the outcome of scheduled or proposed conferences.

No date has been set for renewal of conferences between Thomas Moes, president of the H. C. Frick Coke Company, and Philip Murray, International vice president of the United Mine Workers of America. Two meetings have been held thus far but with no apparent progress. Murray last week accused Moes of failing to negotiate along the lines suggested by President Roosevelt, adding that "sparring or irrelevant technicalities did not constitute negotiations. An exchange of letters between Murray and Moes revealed the former as standing firm on the question of union recognition with Moes as firmly contending his miners had been granted every privilege now enjoyed by union workers.

In Status Quo  
The steel strike likewise was in status quo about 10,000 employees at the three big plants of the Weirton Steel Company are still on strike, pending the outcome of conferences scheduled to be held at Washington today.

E. T. Weir, board chairman of National Steel and Weirton Steel, was expected to appear before the National Labor Board in Washington. Representatives of the strikes also were to be present.

In announcing his decision to appear, Weir made it clear that such decision did not change his previous stand that there was nothing in the situation which could properly be submitted to arbitration.

### LEONHARDT-ZEIGLER WEDDING AT CHURCH

A very pretty wedding ceremony of Saturday, October 14 of interest to many was that which was performed in the Christ Lutheran church East Washington street when Miss Bertha Leonhardt, daughter of Mr. and Mrs. Martin Leonhardt of Cunningham avenue became the bride of Amos Zeigler, son of Mr. and Mrs. L. R. Zeigler of Warren avenue. The vows were exchanged at 11 o'clock in the morning with the Rev. W. R. Summerfield, pastor, officiating in the presence of friends and relatives of the couple filling the church to capacity. The altar was beautifully decorated with palms, ferns and the season choicest flowers, making an ideal setting.

Prior to the entrance of the bride party, organ music was rendered by Mrs. Carl Schmidt that was most appropriate to the occasion.

The bride was attired in an exquisite chestnut brown crepe dress with hat and accessories to match. She wore a shoulder corsage of tall-man roses and valley-lilies. Her sister, Miss Hilda Leonhardt as maid of honor appeared in a Spanish tile crepe frock made on long lines and her flowers were of tea roses and baby mums. Her accessories were carried out in matching tones.

Weldon Zeigler served the groom as best man.

A reception and wedding dinner at the home of the groom's parents followed. Twenty-five were served, twelve being seated about the bride's table, which was centered with a large cake topped with a small bride and groom.

Later in the day, Mr. Zeigler and his bride left on a motor trip to Cleveland, Ohio and other places of interest. For traveling, she selected a leaf green crepe ensemble with brown accessories. Upon their return they will be at home to friends in their newly furnished apartment at 1085 Adams street.

The bride is a graduate of the New Castle Senior High School with the class of '29 and is associated as secretary to Principal F. L. Orth of that institution. The groom graduated from the local High School also with the class of '29 and is affiliated with the Shenango Tin Plate Company here.

### LOCAL GIRL HONORED AT CLEVELAND PARTIES

Honoring Miss Virginia Nielsen, of Hazelcroft avenue, New Castle, Mrs. E. G. Webber of Cleveland, O., entertained in her honor Friday at a dinner party, a gathering of friends this being the anniversary of her birth, October 13. On Saturday, Mrs. Webber received a large number of guests in her home to again honor Miss Nielsen which took the form of an evening affair. Cards, music and dancing comprised the program of entertainment, and at a fitting hour a delicious lunch was served. A large cake of several tiers graced the center of one table which seated twenty-five.

Mr. and Mrs. S. P. Webber of Lorain, O., were special guests on this date.

At the close of the evening, the honored one was cleverly presented with a collection of beautiful gifts in remembrance of the day.

Again gracing the role of honor, Miss Nielsen was feted at a noon luncheon Saturday by Mr. and Mrs. Earl Constable at their home on Russell road, Cleveland, Ohio. An enjoyable social time was featured with informal diversions and many lovely gifts presented to the honored one.

Out of town participants were Mr. and Mrs. E. G. Webber of Euclid, O., Mrs. J. B. Nielsen and Miss Virginia Nielsen of New Castle, "Flip" Kelsor of Lorain, O., and George Fox of Ashtabula, Ohio.

### LOUDEN-HOCKENBERRY NUPTIALS PERFORMED

On October 14 in the Second Presbyterian church of Butler, Pa., Miss Elizabeth Louden, daughter of Mr. and Mrs. George Louden, La-throp street, became the bride of Laurie Hockenberry, son of Mr. and Mrs. Calvin Hockenberry of Branchton. The Rev. Charles C. Miller read the service.

The bride is a graduate of the New Castle Senior high school with the class of '31 while the groom is associated with the Pennsylvania Power company here.

They will make their home on Butler avenue, New Castle.

**White Shrine Event Postponed**  
The chicken dinner planned for Thursday at the Cathedral has been postponed until a later date due to the Community chest events scheduled to be held there. Further announcement will be made later.

### BETH SHALOM HAS EVENING DINNER

A most delightful event of Sunday evening was the congregational dinner held in the Beth Shalom Center, Boyles avenue, for the congregation, with the assembly rooms beautifully decorated in fall leaves and flowers.

As the large group was seated at the tables they were greeted by Mrs. Sam Edelstein, president of the Beth Shalom Sisterhood. During dinner Mrs. S. J. Callahan and her son, James, played the piano and violin.

L. Miller, president of the congregation acted as toastmaster and introduced the speaker, Rabbi Nathan Kollin of the Anshe Emeth Temple of Youngstown, Ohio, who spoke on "New Opportunities for the Synagogue at home."

The officers of the congregation spoke briefly and the benediction was pronounced by the rabbi.

The success of the event was due to the efforts of Mrs. Charles Levine, Mrs. R. Rubenson and the members of the committee.

### COUNCIL WOMEN PLAN UNION MEET

The New Castle Council of Jewish Women has planned a most interesting meeting for the fall in the form of a union session for all Jewish women's organizations of the city Wednesday, October 18, at which time greetings will be brought from the presidents of the senior Hadassah, the junior Hadassah, junior council, Jewish Ladies Relief, Beth Shalom Sisterhood and Temple Israel Sisterhood.

Mrs. Gilbert Jacobaskey, president of the Pennsylvania State Conference, who resides in Wilkes-Barre, will be the speaker of the evening.

Andrew DiLorenzo will sing two groups of songs, which will include "Questa Quello" by Verdi, "The Pilgrimage" by Manna Vuca, "Torna A Surrienta" by De Curtis, "Una Furtiva Lagrima" by Donizetti and "Zesti La Giubba" by Leon Cavallo.

At conclusion of the program an opportunity will be given the guests to meet and greet Mrs. Jacobaskey and refreshments will be served by the hostesses of the evening.

### A. R. KERR HAS BIRTH ANNIVERSARY

Sunday A. R. Kerr, a veteran of the Civil War, North Beaver street, celebrated his 87th birthday and the home looked like a conservatory, being decorated with many lovely flowers Mr. Kerr received. He also received many cards of congratulations and gifts to commemorate the day.

Early Sunday morning some of the members of the McKinley Bible class came to his home to escort him to the First Presbyterian church, where the class gave a program in his honor, he being the oldest member of the class.

When he returned to his home at noon a delicious chicken dinner awaited him and seated about the table were his children, grandchildren and great-grandchildren. Two birthday cakes adorned the table, the gifts of his granddaughter, Eliza Jane Buchanan, and little Donna Magill.

An informal afternoon was enjoyed by the family circle.

### PLANS COMPLETE FOR CLASS "DUTCH LUNCH"

The members of the executive and "Dutch lunch" committees of the Queen Esther class of the Third U. P. church taught by Mrs. Bernard Hook, met Friday evening at the home of Mrs. John Kenenhan, Harrison street. Miss Pearl Colnot, president, was in charge and plans were completed for the "Dutch lunch" party to be held Thursday evening of this week in the church dining room starting at 8 o'clock.

Various committees for the event comprise Mrs. Carl Ulrich, Miss F. Fox, Miss Viola Sankey and Miss Helen Hart for coffee; Miss Betty Gray, Mrs. David Jones, Mrs. Robert Allhouse and Mrs. John Kenenhan have charge of arrangements in general.

### Birthday Honored.

In honor of the 12th birthday anniversary of Lawrence Gilkey, Mrs. McKinley Shaffer of R. D. 7 entertained a party Friday evening in her home. Bingo and other contests were the diversions, prizes going to Rosie Simons, Frances Kruck, Sara Margaret Myers, Dorothy Black, Francis Gardner, Lawrence Gilkey, Gaylord Myers, Olive Shaffer, Esther Shaffer, Mrs. Nancy Palmer, Wilbur Jones and McKinley Shaffer.

At a late hour Halloween lunch was served by the hostess, assisted by her sisters, Mary Gilkey and Rachel Jones. Those in attendance included Mrs. Nancy Palmer, the honored guest's great-grandmother, who is 89 years of age; Mr. and Mrs. McKinley Shaffer, Mr. and Mrs. Wilbur Jones, Sam Albert, Mary Gilkey, Frances Kruck, Ruth Peterson, Rosie Grano, Dorothy and Marian Black, Sara Margaret Myers, Rosie Simons, Francis, Eugene and Donald Gardner, Gaylord and Junior Myers, Alec Simons, John Kruck, Jack, Charles, Oliver, Audrey, Harry and Jean Shaffer, Patricia Ann and Nancy Jones and the guest of honor, who received a number of nice gifts.

JUST A HORSE AND BUGGY!

THROUGH the open window of our office on North Mercer street late Saturday afternoon, there came an unusual sound, yet strangely familiar.

Looking out we saw a page out of history of two score and more years ago—a horse, drawing an old time buggy.

It was a novelty on the street, and attracted no little attention.

And as we gazed, a flood of memories came back, we realized what a far cry it is in New Castle today from those old popular "horse and buggy days."

Yes, how vividly that "rig" recalled the days when Saturday afternoon meant that scores of buggies would be lined up alongside the old livery stable on Croton avenue, at several around the public square, and elsewhere, as farmers came in for the day and parked "old dobbin" in some comfortable livery stable.

And again, many of the other familiar scenes of the day came flitting back in memory:—

The old busses that were hauled from the stations to the hotels, with the extra trailer for the trunks.

The drinking fountain for horses on the public square, and the drinking troughs around the city, for the same animals.

The open street cars, which hauled thousands to Cascade Park in its great days.

The old league baseball teams of the day.

The lack of improved highways—a stretch of the Wilmington road as far as Walmo, a little stretch on the Harlansburg road, and a couple of miles out toward Eastbrook were the only improved roads leading out of the city. Everything was mud.

The big horses that drew the fire wagons along the streets.

The old police patrol that "gonged" its way up and down the street, drawn by a peppery team of horses.

The spectacular dashes through the city of the fire apparatus, drawn likewise by big, fast horses.

The fancy rubber tired outfits that the leading doctors of the city drove around to the homes of their patients.

The sensations that were created by the appearance of automobiles.

The old time balloon ascensions and parachute jumps.

The railroad excursions.

The early days of the movies—the nickeldeons.

Yes, these and many more visions which trailed along, served to vividly reflect just how far we have come since those good old horse and buggy days.

You would hardly believe the facts!

THE TIME TO SPEAK OUT ON INFLATION HAS ARRIVED

The time has come when the intelligence of the country must speak its mind on the question of currency inflation and speak it forcibly. It can no longer, it seems to this newspaper, stand by and permit the impression to gain ground in Washington that the Pittmans, the Thomases, the Bankheads and others of their kind are representative of the responsible and thinking mass of opinion in the nation.

There can be no question that those who understand monetary matters and who are familiar with the history of previous experiments in currency inflation are irreconcilably opposed to subjecting the country to the grave dangers inherent in these fatuous proposals. Unlike the inflationists, however, this great body of thoughtful citizens lacks, at the present time, the leadership and the organization that are essential if it hopes successfully to combat the uninformed but highly articulate propaganda of those who would resort to the printing press.

Any counter-movement launched against the inflationists should be non-partisan politically and should have leadership in which people could place confidence. Its objectives should be two: First, to educate the public in the dangers and fallacies that underlie demands for paper money inflation; second, to organize informed opinion so that the latter would make itself effectively felt in Washington—New York Herald-Tribune.

SOUVENIR HUNTING

Souvenir hunting has a history, to which this generation has no intention of writing finis.

Three centuries ago the Indians stole scalps as souvenirs of happy moments spent among the paleface settlers. A century later the more enterprising of the settlers were seizing ships. By some they were called pirates, by others patriots. A hundred years ago the souvenir-hunting fever ran to effluvia of congressmen. Today it runs to everything.

Nothing is safe from this ubiquitous pest. Wrecked automobiles are quickly dismantled. Epoch-making airplanes must be protected against them. Home-run baseballs and balls hit into the bleachers never return to the playing field. Hotels and pullman cars keep many supplied with towels, linen and useful little, knick-knacks.

Plymouth Rock was being chipped away to nothingness until a steel barrier was built around it. The federal government must be constantly on guard against souvenir-hunting vandals who knock chips from monuments and public buildings. Not even the monuments on the Gettysburg battlefield are safe.

When the souvenir craze hits a citizen he usually loses reason and discretion. He seeks to justify his pilferings and spoils by the strange logic that the taking of that possessed of only commemorative or sentimental value cannot be stealing.

He who buys now will live to buy another day.

A famous surgeon says life is a radio. Mostly static.

Thinness is a sign of health unless it is a pocketbook.

In Cuba it is not a question of how many terms for one president but of how many presidents for one term.

Coal bills, winter clothing school supplies, fall house furnishings—try to carry the ball through that line without losing it.

All Of Us

BY MARSHALL MASLIN

THE PRICELESS GIFT

IF I POSSESS all the treasures and talents of the world, and lack imagination, my life is dull and empty.

If I have no imagination, all my experience and all my years are wasted.

Without imagination, my life is a desert. I am rooted in the earth. I cannot stir. Here I stand in this instant of time, on this infertile rock, forever and forever to the last day of my adventure here. . . . I am lost.

The children of imagination suffer, that is true. They appreciate evil and woe that may never come to them. They die a thousand deaths in advance. They fume, they worry, they grieve forever. . . . But they anticipate beauty and peace as well. They face a dream constantly, and taste a thousand joys of which their duller brethren are deprived. The balance of life tilts toward them.

If I have imagination, I can say, "I know how that man feels. If I were in his place I would do as he does. He is not all bad, neither is he all good. I am as he is, he is as I am. There but for the grace of God—or luck or providence—go I!"

Thus he is closer to the crowd of men, thus he is a part of all they do and think. And thus he has within himself a brake on selfishness, arrogance and weakness.

If a genie sprang from a stone bottle in flame, in a cloud of smoke, and came to me and said: "My son, what would you have?" I'd say, I hope, "Give me boundless imagination. Give me the power to see into the heart of everything that lives—into the secret being of every weed, every bird, every tree, every rock, every human being. Let me have this dangerous, frightening, blessed, comforting gift and I shall be content forevermore."

Without imagination, I would not live, could not live. Without imagination I would rather be the dust that flies, the wind that carries it along. . . . I would have more and more of it, without end. . . . And, if I may not have all, give me, at least, a little imagination.

California Forest Tragedy Inspires Warning To Nation

Unprecedented Loss Of Life From Brush Fire Offers Lessons In Proper Care Of Unemployed And Protection Of National Areas

Grief over the loss of life in the brush fire produced a brush fire in a Los Angeles ravine, sympathy for the friends of the victims and demands for expert handling of such problems are disclosed in the comments on the tragedy. There is public concern over the fact that the victims were unexperienced fire fighters employed in a relief campaign.

"The awful consequences which may flow from faulty and fallible leadership" are pointed out by the OMAHA WORLD-HERALD with the suggestion that it was "all because they were led, while fighting the fire, into a position from which there was no retreat." The WORLD-HERALD concludes: "A heavy responsibility lies upon those who undertake to lead others in hazardous situations. They cannot, in the face of great danger, insure perfect safety to their followers, but they can and should avoid subjecting them to unnecessary risk. Possibly those at fault paid the penalty of their folly along with other victims."

"It has stirred the hearts of Californians to the depths of grief and sympathy for surviving relatives and friends," declared the PASADENA STAR-NEWS, with the query, "Would not ordinary prudence have prevented it?" That paper also asks, "Was there not gross and inexcusable mismanagement somewhere in the ordering inexperienced men into the heart of a raging fire?" Carelessness in starting the blaze is suggested by the Pasadena paper, as well as "a general need of cleaning up combustible in park areas." The Star-News also advises: "Should there not today and henceforth be stern resolve to correct any deadly menace that may exist, such as this, throughout the country, and correct any tragic mistake which may have been made in sending these men, unused to fighting fire, into the very jaws of death? The Star-News feels strongly that from this irreparable page of deadly history of Los Angeles County there should be drawn immediately lifesaving lessons which should prevent a recurrence of such a ghastly episode at any time in the future."

"The pity of it wrenches the heart," comments the GLENDALE (CALIF.) NEWS-PRESS, with the estimate that, "in all the history of fire fighting, which, in this State, is a recurring experience, there is no precedent for such an appalling calamity." The News-Press adds: "Perhaps the blaze was started carelessly. There is mention of suspicion that it was deliberately set. In all probability the exact truth never will be known, perhaps not even as to the number of victims, since some may have been utterly consumed. The community owes to survivors every consideration, and to their families it is under deep moral and possibly legal obligation."

"That the victims' families have been jobless men intensifies the pitiful aspects," says the SAN ANTONIO EXPRESS, observing that "the men sent into that valley of death to put out the blaze were experienced neither as foresters nor as fire fighters; that they were from a clean-up squad, working to earn a meager allowance from the unemployment relief committee."

The World AND THE Mud Puddles

"PIGS IS FIGS" Hearing that the government was anxious to reduce the hog population of the country, Frederick Popple, nine, Moberg, S. D. promptly wrote President Roosevelt, the following letter:

"Dear President Roosevelt: 'I hear that you are going to buy 5,000,000 pigs from the farmers because they have not enough feed. I have a pig that is about one year old. I am willing to sell. How much will you give me for her? She is a nice big fat sow. She has not had any pigs yet."

"This is one from a nice bunch of pigs. My uncle, and she is a mother, owns the mother and she is a sow when she was about five weeks old. She is out in the country and we have no feed or water for her. She is at my Uncle Joe Turner's. I hope you will buy her at a good price. I sure want to sell her."

"I am 9 years old and need the money to buy a mare pony and want to go into the horse business. This is my own typewriter that I am using now."

"Answer soon."

MONDAY, OCT. 16

Notables Born This Date—Noah Webster, b. 1758, lexicographer. (Not to be confused with Daniel Webster, statesman.) He failed as a lawyer, took up teaching, was 49 when he published his (the first) American dictionary of the English Language & first noted the emergence of an American language. Eugene Gladstone O'Neill, b. 1888 (son of James O'Neill, actor), greatest American dramatist—Beyond the Horizon, Anna Christie, Emperor Jones, Mourning Becomes Electra. He showed talent as a playwright in college, did not develop it until he drove him out of commerce to ship as an ordinary seaman in a search for health. In lonely hours in the forecastle, he sketched one-act plays, penned his first success (produced when he was 35). Sir Austen Chamberlain, b. 1863, British statesman. (Not to be confused with Neville Chamberlain, king's minister, his brother). A. C. Bossmom, b. 1881, British-American architect. Sam Jones, evangelist.

1725—William Bradford, aged 62, an English Quaker, issued New York's first (the colonies' third) newspaper, the Gazette. (Not to be confused with William Bradford, Mayflower passenger & one of the first governors of Massachusetts.) The Bradford family was instrumental in establishing several others of the earliest American newspapers.

1786—Congress enacted a law establishing the first U. S. mint in Philadelphia. (It did not go into operation until 1795. First mint in the colonies, started in 1652, was at Boston, issued only 12, 6, 3 & 2 piece pieces. First coins of the United States, copper, were minted by a private contractor in New Haven, Conn., in 1787.)

1793—Josephine Marie Antoinette, aged 38, daughter of the emperor of Austria, queen of France, was guillotined, 9 months after the similar death of the king. (She met

a worse fate than that she approved for Mme. Jeanne Lamotte, who was sentenced to be flogged, branded on both shoulders & imprisoned for impersonating her in duping Cardinal de Rohan in the famous affair of the diamond necklace revealed after the queen's death and immortalized in Dumas' novel The Diamond Necklace. The queen died, her impersonator escaped after 10 months in prison.)

1846—Anaesthesia, which conquered pain, was established as surgical practice by a dentist, W. T. G. Morton of Boston. In the Massachusetts General hospital at Boston, Dr. John Warren had an amputation performed on a preliminary allowed the young dentist to administer ether to his patient, a now unidentified woman of 25. The demonstration changed medical science the world over as fast as the news spread.

1859—John Brown, aged 59, with a band of 21 men, seized the U. S. armory at Harper's Ferry, Va., captured the bridges leading to the ferry, started carrying out his plan to establish a free Negro state. His scheme ended the next night when a detachment of U. S. Marines under the command of Col. Robert E. Lee (of the army), besieged the fort, wounded & captured Brown, killed 10 of his men. (Four years later, the same Robert E. Lee, who led U. S. forces that night was leading an army against them in the same territory.)

1916—The first birth control clinic in the U. S. (patterned after state clinics in Holland & other European countries) was opened in Brooklyn by Margaret Sanger & 2 women associates, Fannie Mindell & Ethel Byrne.

## Make Change In Industrial Code

President Imposes Penalty On Those Who Did Not Sign Code Prior To October 1

REDUCES RIGHT TO EXTEND HOURS

Penalizing those industries and firms which failed to sign the President's Reemployment Agreement, known as the blanket code, pending formation of a code applying to particular branches of industry, the president has reduced the privilege of such firms to employ workers more than 35 hours per week.

This privilege was extended under Section 3 of the P. R. A., which reads as follows:

Section 3—Not to employ any factory or mechanical worker or artisan more than a maximum week of 35 hours until December 31, 1933, but with the right to work a maximum week of 40 hours for any six weeks within this period; and not to employ any worker more than 8 hours in any one day.

The executive order follows: "It appearing to my satisfaction that the fair and equal treatment of all employers requires that the President's Reemployment Agreement as set forth in Bulletin No. 3, of the NRA should be modified in certain respects for the purposes of its further signature by such employers:

"Now Therefore, I, Franklin D. Roosevelt, President of the United States, pursuant to the authority vested in me by Title 1, of the National Recovery Administration, approved June 16, 1933, and other-

wise, do order that for the purpose of its signature by employers on and after October 1, 1933, the form of the President's Reemployment Agreement, as hereinabove described, be and it is hereby modified so Paragraph 3, shall read as follows: etc."

The paragraph then reads the same as Section 3 heretofore, with the exception that the words, "but with the right to work a maximum week of 40 hours for any six week period," is eliminated.

"Provided that in all other respects, the form of the said agreement shall remain unmodified and provided further that nothing herein contained shall be construed as in any way modifying or affecting any such agreement signed by any employer prior to October 1, 1933."

Reports Are Made To The City Police Of A Number Of Motor Accidents

John Galanski of New Castle R. D. No. 8 reported to the police Saturday that he was driving north on North Jefferson street and making a left hand turn onto Grant street in the center line of traffic, when Pauline Young, of Enon Valley, also enroute north on Jefferson street, attempted to pass on his left hand side and her machine caught and tore off the front bumper of his machine.

Stephen McGinley of Roselindale, Mass., reported Saturday that he was enroute north on North Mill street and was making a left hand turn onto Grant street, when a car ahead of him stopped and he in turn was compelled to stop. As he did so, street car No. 399 enroute south on Highland avenue and North Mill street, ran into the side of his car, damaging it to a considerable extent.

James A. McCoy of 304 East Fairmont avenue, reported to the police that he was enroute north on Junior High street, as John Favariate of Harbor Road came in the opposite direction and the two machines came together. Both were damaged in the collision.

With an abundance of Federal money at the disposal of the authorities for a building program, and with a court house in New Castle that looks like the annex of Noah's Ark, it does seem to me as a citizen that it is high time our County Commissioners came to life and did something.

For twenty five years we have dreamed the fact that our court house was too old, that it was inadequate, that it was a firetrap, and that something should be done. Grand juries have endorsed the idea, county commissioners have promised in their pre-election campaigns to see to it that a new court house was built and then after election have quietly chloroformed the idea.

Why? The Federal Government is practically weeping on our shoulder asking us to accept Federal money to help the building program along. Pennsylvania is paying seventeen dollars out to the government for every dollar it gets back, and yet our county commissioners are sitting back afraid to grab off a chunk of this money, give the people a new court house and a lot of workmen employment.

# IT TAKES HEALTHY NERVES

**DENSMORE SHUTE**—Britons gasped and gaped when he won the 1933 British Open over St. Andrews' deceptive fairways and angry bunkers. Golf prophets say Shute will line up with Golf Immortals. Answering a question, Shute recently said: "I have tried all the brands, and long ago found that Camels are milder, and what is even more important to any golfer, they do not jangle the nerves."

**TOMMY ARMOUR**—Often called "Wizard of the Irons," Armour has won a flock of championships, including the U. S. Open in 1927, the P. G. A. in 1930, the British Open in 1931. Tommy knows his golf and his cigarettes. "What do I think of Camels? They are my brand and have been for years. I smoke a lot but I must be sure that my nerves are healthy and my head is clear—that's why I prefer Camels."

**GENE SARAZEN**—This great golfer began his winning ways in 1922 when he became U. S. Open Champion. He has been a consistent tournament winner ever since. This year he won his third P. G. A. Championship. On the subject of cigarettes Sarazen says: "I agree with Shute and Armour—I smoke Camels, too. They always taste good—and they never interfere with my nerve control."

## Steady Smokers Turn to Camels

Men and women whose work and play demand healthy nerves and level heads prefer Camels. Active people agree that they can smoke these fine-flavored, milder cigarettes without fear of jangling their nerves.

Another thing about active people—they are pretty generally steady smokers... And, as anyone who smokes Camels will tell you, you can smoke as many of these cigarettes as you want—and never have a "cigarette" aftertaste. The last cigarette at night tastes as good as the first in the morning, if you smoke Camels.

Try a package of Camels today... Enjoy the superior flavor of their costlier tobaccos. If you are a steady smoker you will appreciate the fact that Camels never get on your nerves, never tire your taste.

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. You will find Camels rich in flavor and delightfully mild.

**NEW COURT HOUSE**  
New Castle, Pa., Oct. 14, 1933  
Editor, The News,  
New Castle, Pa.

Dear Sir:

With an abundance of Federal money at the disposal of the authorities for a building program, and with a court house in New Castle that looks like the annex of Noah's Ark, it does seem to me as a citizen that it is high time our County Commissioners came to life and did something.

For twenty five years we have dreamed the fact that our court house was too old, that it was inadequate, that it was a firetrap, and that something should be done. Grand juries have endorsed the idea, county commissioners have promised in their pre-election campaigns to see to it that a new court house was built and then after election have quietly chloroformed the idea.

Why? The Federal Government is practically weeping on our shoulder asking us to accept Federal money to help the building program along. Pennsylvania is paying seventeen dollars out to the government for every dollar it gets back, and yet our county commissioners are sitting back afraid to grab off a chunk of this money, give the people a new court house and a lot of workmen employment.

Thirty per cent of the money will be a gift. The other seventy per cent will be a loan from the Federal government, but as long as France and England aren't paying their loans to us, there is a very strong suspicion that the loans to counties and states will never be called.

A new court house will cost money, perhaps three quarters of a

million dollars. What if it does? If times get better we won't notice the amortization of the debt. If they get any worse it won't make any difference.

Please Mister Editor. In the name of common sense in government won't you do what you can to blast the county commissioners out of the rocking chairs and get them started upon a project that will mean much to the county, aid in the recovery program, and give us all a court house that won't be mistaken by strangers for a wagon shed.

Sincerely yours,

F. J. McLAUGHLIN,  
422 Euclid Avenue.

**REPEAL OF DRY AMENDMENT**

Mount Jackson,  
October 12, 1933.

Editor The News:

I notice in your issue of the 10th that the Women's Prohibition Reform crowd have started on the warpath and had a meeting in New Castle on Monday. Some of the statements made by Mrs. Kelley, if she was reported correctly, were absurd, not to say childish.

I have no doubt she would charge the prohibition law with being responsible for all the racketeering

and both Mrs. Miller and Mrs. Kelly would both tell the New Castle people that there were no bootleggers in the country before the days of Prohibition. As a matter of fact, nine-tenths of all of the racketeering has no more connection with the 18th amendment, than the Ten Commandments had to do with the dry season and the light potato crop.

Fifty years ago, last month, the writer served as a member of the grand jury at Youngstown. At that time the population was around 12,000. There were speakeasies on about every street and bootleggers were as thick as candidates were in Lawrence county at the September primary.

Sometimes the question is asked, "what would the repeal of the 18th amendment mean?" Well it would mean that the ban was lifted and the sale of all kinds of liquor was as lawful, as the sale of sugar and coffee is at the present. Right here, the question naturally arises, "where would the liquor be sold? We would hardly expect it to be sold in a first class drygoods store? Certainly not in a millinery shop. In fact the booze business doesn't seem to mix with any kind of store business. There is only one answer to the question, "where will booze be sold?"

In the old discarded and discredited saloon. The coveys that have been accumulating for the last 16 years will be swept down and the doors thrown open and the boys and girls invited to come in and get started on the downward path that leads to a drunkard's grave and a drunkard's hell.

The statement that the "vets make so often, that if we had saloons on every corner, no one would want to drink, is very ridiculous and right in line with the logic of a farmer who would say that he would leave the gate into his cornfield wide open, for he knew the cattle would never want to go into the cornfield when they saw the gate was standing open. Notwithstanding all of the promises and pledges that have been made, no one believes any effort will be made to safeguard the people from the saloon, which will return

as sure as the sun will rise on the day of the election.

In these days when there is so much that is fake and misleading finds its way into print, it is refreshing to find a secular newspaper like The News that can find something better than the lying propaganda of the wets to print on its editorial page.

When the saloons get to running 24 hours of the day and seven days of the week, which will be soon after the New Year, there will be plenty of automobile accidents to fill up newspaper space. One of the biggest obstacles in the way of returning prosperity will be the draining of thousands of dollars out of the legitimate channels of industry and our business men, will discover that cork screws, whiskey bottles and beer kegs will make a mighty poor foundation on which to build prosperity.

S. A. COWDEN.

## Small Boy Is Bitten By Dog

James Shelatree, aged 5, of 427 Elizabeth street, was bitten and severely wounded under the right eye on Saturday by a Red Chow dog the owner of which has not yet been determined.

The lad was playing in his own front yard, when the dog attacked him. He was removed to the Jamestown Memorial hospital, where three stitches were taken in the injury. The police are seeking to find the owner of the dog.

Liquor is an awful curse because it kills hundreds. And fast cars are a blessing because they kill 25,000 a year.

Doll-making is one of the oldest arts in the world. The first crude dolls, discovered in pre-historic caves, are believed to date back 20,000 years. The very latest dolls, made both in the United States and abroad, look as much like children, with soft, cuddly little bodies and natural faces, as it is possible to make them. A famous German dollmaker declares that to be appealing to youngsters, dolls must be warm and yielding; there must be no squeaky joints, and the hands must be loose like a real baby's. The life-like tots pictured are from her studio and were exhibited at the famous Leipzig fair. The one at the upper left is called "Sweetheart," and isn't she? Above at right are several life-like dollies, two of them holding smaller dolls as babies. And below is a model miniature kitchen with a boy and girl doll doing the household chores.

Lieutenant Commander T. G. W. Settle, well-known navy balloonist, plans a second attempt to reach the stratosphere from the Chicago world's fair in an effort to surmount the height record of 11 miles 1,406 yards (62,335 feet) set by three Russian scientists, Prof. George Prokofiev, Ernest Brinbaum and C. D. Godunow. The new mark of the Russians is more than a mile higher than the distance attained in the flight of Prof. Auguste Piccard, Belgian scientist and the first man to reach the stratosphere. Settle's first attempt ended when his balloon failed to keep altitude.

### SLIPPERY ROCK UNION

The Slippery Rock W. C. T. U. met at the home of Mrs. Floyd Blair Thursday afternoon, October 12 for their regular monthly meeting.

After the devotional period, led by Mrs. Florence Stevenson, the following program was given:

Topic for the day, "Wet or Dry."

Discussion, "On what does the fate of this nation depend?"

Mrs. Bertha McCracken read a paper on the subject and it was discussed by a number of members.

Why Repeal Prohibition? Miss Mary Watson.

"Are Thinking," Mrs. Helen Kildoo.

"Voters Attention," Mrs. Tilly Boak.

"Warning for Dry Voters," Mrs. Mary Young.

"The Duty of a Christian Citizen," Mrs. Jessie Hunt.

"Why Be Dry," Mrs. Bertha White.

A report of the state convention at Norristown, Pa., was given by Mrs. J. A. Boak, who also conducted the business session.

It was decided to have a pre-election meeting at the Princeton high school auditorium, with the following committee appointed to arrange for the time and speakers:

Mrs. Lloyd Kildoo, Mrs. Audrey McClymonds, Mrs. D. C. Cole and Mrs. Mary Watson.

Mrs. Helen Kildoo gave the treasurer's report for the past year.

A membership committee was appointed for the coming year: Mrs. Venetta Kildoo, Mrs. Mary E. McClymonds, and Mrs. Nancy Blair.

During the social hour, lunch was served by the hostess assisted by Mrs. Florence Stevenson and Mrs. Anna McCracken.

The November meeting will be held at the home of Mrs. Hazel McClymonds, with Miss Mary Watson, leader.

### Da'ly Digest

(Continued From Page Four)

In the mountain districts of the State," according to the SANTA MONICA EVENING OUTLOOK, recognizing that "the fire rangers and trained forestry men know how great they are." The ATLANTA JOURNAL directs attention to the "importance of the appeal to motorists, hikers and campers never to drop burning tobacco or a live match where it may set the woods aflame, never to leave the embers of a camp-fire till they are drenched with water or stifled with earth, never to take any chance that may bring ruin to forests and perhaps danger to human lives."

The fact that "ten thousand persons are burned to death in the United States every year" is brought out by the TOLEDO BLADE, and that paper quotes the statement by the chairman of the National Fire Protection Association: "The 122,000,000 citizens of the United States on a stated day gather together in one place. A line of trucks bearing \$500,000,000 in United States currency carry their load to the edge of a great pit, and dump it in. It is saturated with gasoline and a match is struck. As this fortune goes up in smoke, 10,000 people are shoved into the burning pit."

## Suit Of Connors Against Railroad Is On Trial Today

In the case of Thomas J. Connors against the Pittsburgh & Lake Erie Railroad company in which \$50,000 damages is asked by Connors for injuries received at West Pittsburg, was taken up before Judge R. L. Hildebrand at county court this morning.

Connors was engaged with others in switching cars. There is a drawbridge extending across the Pittsburgh & Lake Erie railroad tracks, and connecting, when down, two buildings of the Shaw-Perkins company.

It was necessary to raise this drawbridge in connection with the shifting of the cars and Connors was severely injured in the operation. The railroad company maintains that he was not injured in the course of his regular employment.

## Leslie Is Given State Appointment

Announcement was made in Harrisburg today of the appointment of William E. Leslie of New Castle as an examiner for the Department of Labor and Industry. Mr. Leslie has been appointed to work with Robert L. Meermans in the state employment office here. His experience for the past 10 years has been in employment office work and he is unusually well qualified for his position here.

But would Americans favor disarmament if they had France where Mexico is and Germany where Canada is?

# Bold Bandits Held By Police

Two Daring Highwaymen Behind Bars At Towanda, Pa., Assaulted State Police

(International News Service)  
TOWANDA, Pa., Oct. 16.—A pair of desperadoes who cut a swath of crime through north-central Pennsylvania and outwitted and assaulted two state policemen who took them in tow a few weeks ago, today were safely behind bars of the Bradford county jail.  
The men, whose arrests yielded a tiny arsenal and a modern set of burglary equipment in their Sullivan County mountain hideout, were described as Eric Byrol, 35, of Lock Haven, Clinton county, and Andrew Mayes, 19, of Canton, Bradford county. They were sleeping when officers invaded the wooded retreat.  
Corp. Walter Powell and Pvt. James Knox of the state police identified them last month by jerking the steering wheel of the police car and sending it over a 30-foot embankment on Nittany mountain. They beat the officers and fled.  
Troopers said Byrol and Mayes made a similar attempt to escape this time. A scuffle ensued but the police were victors.

# First Methodist Organist Resigns

Announcement has been made of the resignation of Albert A. Taylor as organist of the First M. E. church, to take effect November first.  
Mr. Taylor has occupied the position for the past seven years, and during that time has become well-known through his organ work and teaching; and particularly during the past two years by his successful organization and development of a Junior vested choir of seventy voices and a Young Peoples choir of forty voices at the First church.  
He will devote his time to private teaching.

# Eroe, Roberts Will Be League Speakers

# STOP THAT COLD TODAY!

Tomorrow May Make It Twice as Difficult to Relieve!

The time to stop a cold is before it gets started! A cold once rooted is a cold of danger! Don't waste your time and run the risk of serious complications by using makeshift methods.  
Remember, a cold is an internal infection and, as such, calls for internal treatment. A cold also calls for a COLD remedy and not a preparation good for a number of other things besides colds.  
Grove's Laxative Bromo Quinine is what a cold requires. It is expressly a cold remedy. It is internal and direct. It is complete in effect. It does the four things necessary. First, it opens the bowels, gently but thoroughly. Second, it combats the cold germs in the system and reduces the fever. Third, it relieves the headache and grippiness. Fourth, it tones the entire system and fortifies against further attack. Anything less than that is taking chances.  
Grove's Laxative Bromo Quinine contains nothing harmful and is absolutely safe to take. For more than forty years it has been the standard cold and grippie tablet of the world, the formula always keeping pace with Modern Medicine.  
Every druggist sells Grove's Laxative Bromo Quinine, 30c and 50c. Good druggists won't try to talk you into a substitute for the sake of a few pennies extra profit.  
When you feel a cold coming on, get busy at once. Go right to your druggist for Grove's Laxative Bromo Quinine. Always ask for it by the full name and look for the letters L B Q stamped on every tablet.

## Silvio Crisci Is Leaving This Week For Home In Italy

Young Mahoning School Violinist Leaving For Italy Wednesday

After gaining city-wide recognition as a student violinist of great potentialities, Silvio Crisci of 208 South Liberty street will start his return trip to his native Italy Wednesday.  
Young Crisci, who became 19 years years of age on Saturday, was born in this country, but was taken to Italy when very young. There he lived and attended Italian schools. Music was always his principal interest.  
Two years ago he returned alone to America and came to live in Mahoningtown. Not knowing a word of English, he enrolled in the first grade of Mahoning school and quickly worked himself up grade to grade until he mastered the language surprisingly well. He received musical tutelage from Miss Gladys Thomas of the Mahoning faculty and was soon able to study with the New Castle senior high school orchestra. It was just a short time until he was asked to appear in numerous concerts and to give solos before club gatherings.  
His parents had expected to join him here, but obstacles presented them, and they believed it best to ask their son to return to Italy.  
The Mahoning school orchestra presented their comrade with a pen and pencil set as a memento of his several years with the school.

**PRESBYTERIAN NOTES**  
Activities this week at the Mahoningtown Presbyterian church include:

**Penn. Church Elder Heals His Stomach Ulcers**  
After having suffered for twenty years from stomach trouble, F. W. Meyer, Nanticoke, Pa., reports that he was completely healed by a simple home treatment. He says that before he started this treatment, he was a physical wreck and that X-ray photos revealed the presence of ulcers. He spent hundreds of dollars on other treatments but only got temporary relief. Finally he heard of a treatment based on a stomach specialist's prescription, and tried it. A few months later, he says, X-ray photos showed the ulcers completely healed. He says he has regained his strength and vitality and although 60 years old is able to work better than in fifteen years.  
Mr. Meyer advises all sufferers from stomach ulcers, heartburn, acid stomach, indigestion, gas pains, belching, sour stomach and other symptoms when caused by excess acid to send name and address to Unga, Inc., 1090 Foot-Schulze Bldg., St. Paul, Minn. This company will send a complete 15-day trial treatment to any stomach sufferer, the same treatment that brought such wonderful results as reported by Mr. Meyer. For full details write this company today.—Adv.

# LABOR BOARD Is Challenged

Weir's Appearance Before NRA Board To Bring Important Decision

**KENTUCKY MEN REFUSE SUMMONS**  
(International News Service)  
WASHINGTON, Oct. 16.—The NRA National Labor Board today was challenged in its authority to force employers to appear personally before it and turn over their right to handle disputes with workers.

Openly defiant of the board's chairman, Senator Robert F. Wagner, E. T. Weir, president of the National Steel Corporation, was to appear with a corps of lawyers to contest the board's ruling that it summons to him on Friday has any legal force.  
Weir, upon his arrival here, said he had prepared a formal statement denying the board's right to assume jurisdiction in the dispute for presentation when the hearing begins. "We are going to refuse to submit to the board's assumptions of jurisdiction in the case," he said.  
Wagner summoned Weir for a hearing on the dispute which recently led to strikes at three plants operated by National Steel in West Virginia and lower Ohio.

Weir made him liable to fines and other punishments in case he refused to appear personally at the hearing.  
Kentucky Cast at Stake  
On the outcome of Weir's contest with the board today depends the fate of ten Western Kentucky coal mine operators who last week either ignored or flatly refused to obey similar summonses sent them by Wagner.

Following the session with Weir and his lawyers, the National Board will announce in details the means it will take to force appearance of the Western Kentucky coal mine operators and officials of the independent progressive union, who also did not show up at a hearing scheduled for last Friday.

Wagner has ruled that the board set up by the president, functions with "all the authority of the chief executive and all the additional power granted him under the National Industrial Recovery act."

# Welles Defended By Officials In State Department

American Ambassador In Cuba Had Nothing To Do With Action Of Officers

(International News Service)  
WASHINGTON, Oct. 16.—Informing that certain elements in Cuba were about to publicly charge American Ambassador Sumner Welles with conspiring with the ousted army officers against the present government of President Grau San Martin, the state department today issued a formal denial.  
The department declares Welles had nothing to do with the action of the army officers in taking refuge in the National hotel following the so-called "revolt of the sergeants" which led to the establishment of the present government.  
It also denied Welles had anything to do with subsequent events which led to the battle about the National hotel which resulted in the surrender of the officers to the government.

# LABOR BOARD Is Challenged

Weir's Appearance Before NRA Board To Bring Important Decision

**KENTUCKY MEN REFUSE SUMMONS**  
(International News Service)  
WASHINGTON, Oct. 16.—The NRA National Labor Board today was challenged in its authority to force employers to appear personally before it and turn over their right to handle disputes with workers.

Openly defiant of the board's chairman, Senator Robert F. Wagner, E. T. Weir, president of the National Steel Corporation, was to appear with a corps of lawyers to contest the board's ruling that it summons to him on Friday has any legal force.  
Weir, upon his arrival here, said he had prepared a formal statement denying the board's right to assume jurisdiction in the dispute for presentation when the hearing begins. "We are going to refuse to submit to the board's assumptions of jurisdiction in the case," he said.  
Wagner summoned Weir for a hearing on the dispute which recently led to strikes at three plants operated by National Steel in West Virginia and lower Ohio.

Weir made him liable to fines and other punishments in case he refused to appear personally at the hearing.  
Kentucky Cast at Stake  
On the outcome of Weir's contest with the board today depends the fate of ten Western Kentucky coal mine operators who last week either ignored or flatly refused to obey similar summonses sent them by Wagner.

Following the session with Weir and his lawyers, the National Board will announce in details the means it will take to force appearance of the Western Kentucky coal mine operators and officials of the independent progressive union, who also did not show up at a hearing scheduled for last Friday.

Wagner has ruled that the board set up by the president, functions with "all the authority of the chief executive and all the additional power granted him under the National Industrial Recovery act."

# Youth Confesses Killing Parents

Ralph Eddy, 17, At Charleston, West Virginia, Confesses After Grilling

(International News Service)  
CHARLESTON, W. Va., Oct. 16.—Breaking down after hours of grilling, Ralph Eddy, 17, today confessed to the murders of his father and step-mother, "because of their constant quarrelling over little things," police announced here this morning.  
The alleged confession of the youth was made to chief of police John Britton, following his capture late last night at Dunbar, near here. The youth had been hunted since September 11 when the bodies of his parents Rev. James Frank Eddy, 40 and Mrs. Bertie Eddy, 33 were found at Trace Fork, a small community located 40 miles from Charleston.

# Chicago Fair To Repay Bondholders About 75 Per Cent

Estimate 22,000,000 As Attendance At Fair During Summer Months

CHICAGO, Oct. 16.—A battery of adding machines today clicked out endless rows of figures that told the real story of Chicago's second world fair and tabulated a tribute to Rufus C. Dawes, lean and greying financier whose courage made the fairland on Chicago's lake front come true—and pay.  
The figures showed a Century of Progress Exposition will close the greatest success from financial and attendance standpoints of any ever held on this continent.

Attendance will approximate 22,500,000—largest of any exposition, 75 per cent or more of the bondholders' \$70,000,000 issue will be repaid, an unprecedented total.

In comparison the World's Columbian Fair of 1893 drew 21,500,000 persons and paid bondholders eight per cent.

One striking paradox was revealed by the figures. Builders of the skyride, whose twin towers and rocket car rides have been the fair's most sensational attraction, stand to be the exposition's only heavy losers. The skyride cost close to \$1,200,000. Its receipts probably will not total \$850,000. The builders have a potential loss of close to \$350,000. The fair is scheduled to close in 16 days.

To Dawes has gone the credit for hammering into completion the nebulous idea of a second Chicago World's Fair that nearly died in the first pangs of depression. Dawes met the critical financial problems that arose without losing confidence in the fair.

He struck at precedent by financing the exposition privately. Not a penny of taxpayers' money went in to the \$44,000,000 show grounds. A

\$10,000,000 bond issue was authorized to be repaid out of fair receipts. The deficit was guaranteed by Chicago business men.

Conservative estimates show fair visitors to have spent \$200,000,000 in Chicago.

# Parties Injured In Truck Want Damages

Suit Of D. C. Seamans Against George Anthony On Trial At Court

George Anthony is defendant in a case brought by D. C. Seamans, which was taken up for trial before Judge James A. Chambers at county court this morning. The case grows out of an automobile accident on East Washington street near Ray, on May 23, 1931.

Seamans, with his wife, Imelda Seamans, and Clarence Fleming, a brother-in-law of Seamans, were driving west on East Washington street in a truck about 11 o'clock at night. Seamans was on the right-hand side of the street, and his headlights were burning.

It is claimed that Anthony who was driving east, permitted his car to veer to the left, striking and wrecking the truck. Mr. Seamans had one knee cap fractured; Mr. Seamans had five teeth knocked out and was injured about the knees and body.

It is claimed that the accident was due to the negligence of Anthony and \$6,987 damages is asked.

## PARTS OF BODY FOUND IN HARBOR

(International News Service)  
SAN DIEGO, Oct. 16.—Search was underway today for Thomas M. Jones, 41, said by police to be an ex-convict from Ohio State prison, following the ghastly murder of Mrs. Laura Ellen Straw, 74, eccentric and wealthy widow, formerly of Ohio. Mrs. Straw's mutilated body, sewed in a seaman's duffle bag, was found floating in San Diego Bay. She had been lashed in a triplex shroud.

Seamen of the U. S. S. Cruiser Trenton coming ashore found the body. The legs had been hacked off and three hours later were found floating in the harbor in a gunny sack. Jones was a roomer at Mrs. Straw's small cottage. Neighbors told police they heard Jones and Mrs. Straw quarreling Friday night.

Jones, according to police, told neighbors Saturday that Mrs. Straw was "visiting friends in the country."

## Five Injured In Motor Crash At Grant And Beaver

Seventh Ward Man Is Severely  
Cut In Accident On High-  
land Avenue

Five persons were injured, none seriously, on Sunday, when the machine of Harry E. Cranmer of 708 Sampson street and Leroy Shanover of Burton, O., crashed together at Beaver and Grant streets. Cranmer was enroute east on Grant street and Shanover was enroute north on Beaver street and it is charged, failed to make the main thoroughfare stop at Grant street, according to the report made at the police station, and the Cranmer car ran into the side of the Shanover car. Both were badly damaged.

Mr. Cranmer sustained severe cuts on the hands, while Leroy Shanover, Harry and Helen Furge-son and Bessie Seifert who were in the Shanover car and all from Youngstown, sustained lacerations, which necessitated their being taken to the Jameson Memorial hospital for treatment. A small boy and a small girl in the Shanover car escaped injury.

Albert James of 410 Bell avenue, was enroute west on Grant street at the time of the accident and the Cranmer car was knocked to the north side of the street and into his machine, which was also damaged.

Leon Rodgers of R. D. No. 4 was enroute north on Highland avenue and making a left hand turn into Garfield avenue this morning about nine o'clock as Isaac Anderson of 324 West Washington street, enroute south on Highland avenue, ran into the Rodgers car. Both machines were damaged to some extent. L. B. Anderson of 511 West Madison avenue, who was in the car of Isaac Anderson, sustained severe lacerations of the head and was removed to the Jameson Memorial hospital for treatment of his injuries.

# Thousands Of Pheasants Await Crack Of Shotguns

When shotguns explode in the early morning of Wednesday, November 1, the sound will herald the last act in the lives of many thousand ring-necked pheasants who entered the stage at the Jordan State Game Farm last spring via incubator.

If the number of pheasants in the woods and fields mean anything, hunting should be excellent this year. Thousands of red-capped, khaki-clad sportsmen should bring home some good mounting specimens for the den, for the state of Pennsylvania is well stocked with this hearty game bird.

The Jordan State Game Farm alone, located near Harlansburg and covering over three hundred acres, raised and shipped out more ring-necked pheasants this year than ever before. It sent to sportsmen and game protectors over 8000 pheasant eggs than were sent out during the bumper laying crop of last year. The large number of birds was partly due to the new electric incubator system installed early in the year.

Birds raised at the farm and shipped out in pasteboard cartons at the age of nine weeks numbered over 9000. Eggs gathered from the laying fields and carefully packed individually and shipped out in allotments to various points numbered 61,000.

Lawrence county received a good share of the game birds from the Jordan farm but no partiality is shown this district just because of the farm's location. This county is located in what is designated as Division "F", one of nine counties in the division. The game commission decides the number of birds each of seven divisions receives. The game farm transports the birds by trucks to points where the allotments are met by the division and county supervisors. They are released soon after.

By now all the birds raised at the Harlansburg farm have reached maturity and await next month, when they will bow to the prowess of the hunters and take "the curtain."

## Wilmington Pastor First Synod Head

Former pastors and ministers of neighboring churches participated in the ninety-fifth anniversary services held yesterday in the Harlansburg, Pa., United Presbyterian church. Rev. H. J. Rose of New Wilmington, Pa., superintendent of the first synod of the West for the United Presbyterian church and the oldest living former pastor of the Harlansburg church spoke Sunday at a service conducted by his son, Rev. Parker Rose, of East Palestine, Ohio.

Wheat Embargo  
Is Considered  
By North Dakota

(BULLETIN)  
(International News Service)  
BISMARCK, N. Dak., Oct. 16.—An embargo on wheat exports from the state is to be initiated here today, in a desperate effort to force farmers to hold the grain until prices rise.

Gov. William Langer is preparing the embargo proclamation, under the terms of a law passed by the last legislature, and will release the order this afternoon, it was authentically reported.

He has consulted Secretary Wallace concerning the embargo, Gov. Langer said.

The law providing for the executive action declares that no agricultural products shall be shipped, trucked or driven out of the state for the purpose of sale and grants the governor military authority to enforce the order.

Secure Teachers  
For Y. W. Classes

Some Of Classes Get Underway This Week—Others Begin Early Next Week

Teachers have been secured for a number of the classes which are to be organized this week and next by the local Young Women's Christian Association.

Mrs. James Rhodes, Mrs. Sam McGoun, Miss Clara Fankhauser and others will supervise the Remodeling of Clothes class, the first meeting of which will be conducted this Thursday afternoon at 2 o'clock. More than one instructor was secured in order that the girls could have personal supervision. All young women of the city interested are asked to come to the Y. W. C. A. at the time mentioned and bring with them their own garments which they wish to remodel.

Miss Margaret Fischer will be in charge of the women's gym class Thursday evening at 7 o'clock. She will also be in charge of the children's gym class at 10 o'clock Saturday morning.

On Tuesday afternoon, October 24, at 2 o'clock, Mrs. A. B. Foster will conduct a class in cooking.

Also on Tuesday, October 24, Mrs. Harry Gormley will be in charge of a class in reviews of modern fiction and poetry. This will include books on religious, economic subjects, etc., also. At the first meeting Mrs. Gormley will give a book review and present a list of books from which the girls may choose and later give their own reviews. This class will be from 8 to 9 o'clock in the evening.

Miss Genevieve Riddle, of the Senior High school staff, will instruct a class in review shorthand on Tuesday evening, October 24, from 7 to 8 o'clock. Girls wishing to take part in this class are asked to bring Gregg books if they have them.

St. Andrew's Has  
Big Rally Day

A red letter day in the history of St. Andrew's Episcopal church was that of Sunday when rally day service was held, with the largest crowd ever to attend their Sunday school present at the morning session.

A feature of the Sunday morning church service was a baby pageant, when the future members of the Sabbath school were given gifts.

J. C. Hetrick, superintendent of the Sunday school, was pleased with the success of his planning and at the evening service he conducted a half hour service of song, in which the congregation sang its praises to the Lord Most High.

Little Girl  
Swallows Money

Carroll Mae, the three year old daughter of Mr. and Mrs. Derrill Burke, North Jefferson street, has been X-rayed a number of times since last Tuesday, to locate a quarter, which the little one swallowed at that time.

The coin is lying in the child's stomach, seemingly not moving and as there is no instrument nearer than Philadelphia for extracting articles from the stomach, the parents are awaiting developments before taking her there for the operation.

ROTARY PLEDGES  
\$100 TO CHEST

Club Votes Contribution Today—Musical Program Enjoyed At Noon

New Castle's Rotary club, meeting in The Castleton today at noon, pledged a \$100 contribution to the Community Chest drive as its part of a civic campaign to raise \$70,000 to keep welfare and medical institutions here operating during the coming year.

Musical entertainment, spiced with spontaneous contributions from the club itself, featured the noon-hour luncheon meeting. Rotarian DeLace Cole, chairman of the day's program, presided.

A harmonica band, composed of senior high and Ben Franklin junior high school students and led by Daniel Racappo, Ben Franklin instructor, presented several numbers which brought storms of applause from the members.

Read McCullough's vodeling was also one of the highlights. He was accompanied by Paul Montgomery.

An orchestra, whose membership included Mr. Cole, J. P. Pearsall, Arch Cullison and Rex Patch, favored with several numbers.

Four people are in the Jameson Memorial hospital, two of them seriously injured, as a result of a collision on the Perry Highway two miles south of Harlanburg, this morning at 9:15 o'clock.

The victims are Mrs. Margarita Yeager, aged 67, 2715 Cobden St., Pittsburgh; serious injuries to head; George Aheimer, 2964 Spring street, Pittsburgh, serious injuries to neck; George Yeager, aged 25, bruises and lacerations about head; Margaret Yeager, same address, lacerations of nose and face.

The accident occurred when the car of W. P. McCormick, R. F. D. No. 3, Slippery Rock, drifted over onto the wrong side of the road as he was fixing his choke, and the Yeager car collided with it, overturning and catching fire. It burned completely up.

Verdict Agreed Upon  
In Automobile Case

Verdict by agreement was taken at court today in the case of B. J. McCandless and his wife, Sylvia, in behalf of their son Joseph McCandless against the Pittsburgh Terminal Coal Company.

The case grew out of an automobile accident on the Lincoln Highway near Perryopolis on May 28, 1933, when a truck of defendant company driven by James Boyes, ran into the rear of a car driven by B. J. McCandless, in which his son Joseph, was a passenger. Joseph was painfully injured. The verdict agreed upon gives Joseph \$100 and B. J. McCandless and wife \$250.

Decision Is Made In Which Overpayment For 1930 Is Decision

By ARTHUR C. WINER  
Special Washington Correspondent  
New Castle News  
WASHINGTON, D. C., Oct. 16.—As a result of her challenging the reasonings of Commissioner of Internal Revenue Helvering, Mrs. Jane A. Brown, 211 East Moody avenue, New Castle, will be awarded a \$4,877.93 check by Uncle Sam.

The controversy had its inception in the finding of the internal revenue commissioner that Mrs. Brown owed the government additional income taxes totaling \$5,103.30 for 1930. The commissioner contended she owed this tax on income not included in her 1930 return. She had paid \$4,890 income tax on her 1930 return.

Through her attorney, Mrs. Brown argued that \$10,536.40 received by

### Atkinson And Morini Battle Here Tonight

Each Expects To Score Knockout In Castle Bowl Ring

**FIRST BOUT TO START AT 8:30 P. M.**

Having dolled themselves as near physical perfection as possible and having uttered their last pre-fight statement, the time for action is here and when Cusky Morini and Ray Atkinson climb into the ring tonight at Castle bowl a new fistic star here will have been born. They're anxious, decidedly so to settle the question of supremacy. There will be seven other battles on the pugilistic docket tonight, the first of which will start at 8:30.

Morini and Atkinson, both of Ellwood City, have been rivals in boxing since they made their pugilistic debut. Each has been successful and the fans here as well as other cities like their fighting. When Atkinson knocked out Tony Adamo and Morini beat Chuck Arnett the fans demanded an elimination of one.

When it came to matching the two rivals for a settlement of the issue each displayed the temperament of an opera singer and for a time it appeared as though they would refuse to meet—not because either was "sneaky" but because of a weight question. Finally each signed to box at 140 pounds and they will tonight.

What They Say.  
"I turned over Tony Adamo and Steve Nicklich four times on the floor. I expect to turn over Morini tonight. I'm not afraid of his left hook to the chin. I want to make good and cut a wide path in the coming tourney," said Atkinson before the fight.

"Atkinson is a good fighter but I do not believe he can stand up under my belts to the body," said Morini, who carefully watched Ray in his last few fights. "If he leaves his stomach or chin exposed he will go down if I hit him square," said Morini this morning.

Cycosky vs Olercheck.  
They are two of the best A. A. U. fighters hereabouts and another good scrap should materialize when George Rocco of Ellwood City and Keith Goodball of East Liverpool meet at 160 pounds. Red Cycosky, another stranger but a hard punching southpaw from Meadville, and Mike Olercheck of Springdale are listed for a slugfest and it should satisfy anybody who likes slugfests.

Mickey Devlin of Springdale tore several ligaments in his arm and another good boy will take on Joey Evans, Ellwood City. Charles De Santo, a flashy boxer, will probably hit here from Springdale to meet Joey. Both are Golden Glove champs. Another good bout will be unfurling when Walter Burns of Ellport and Young De Motio of this city throw gloves.

Owens Meets Prinz.  
Harold Richardson, a clever Welsh-

man from New Kensington, will box the Italian slugger, Johnny Backo of Kittanning in another bout and Billy Plummer of this city will oppose Frankie Rachig of Bessemer. Eddie Owens of the north hill will fight Billy Del Prinz of the west side.

The bell will bring at 8:30 p. m. and no doubt there will be a banner crowd present as the fights look good, the weather cannot affect fans within the bowl and a big furnace was put in operation today. The officials for the bouts will be named by the state athletic commission and A. A. U. just before the bouts, which are being staged by the Jefferson A. C. with Ed Fritz matchmaker.

**Slippery Rock Defeats Thiel**

**Scores Third Straight Win Over Tri-State Conference Teams**

**SCORE IN SECOND AND THIRD PERIODS**

(Special To The News)  
SLIPPERY ROCK, Oct. 16—Slippery Rock Teachers scored another grid victory here Saturday when the Teachers upset a strong Thiel eleven 12 to 0. The win was the fourth consecutive victory and staged in view of the largest crowd of the season. Tatala and Ortmann scored the touchdowns which came in the second and third periods.

The Teachers netted their first six points when Tatala took a short punt on Thiel's 40 yard and sped along the sidelines for the six points. The attempt for the extra point failed. The second six points ledged in the Teachers laps in the third period.

**Loss Scoring Position**  
Slippery Rock made several long forward passes and reached Thiel's 20 yard line. A 15 yard penalty halted the Teachers aerial attack. It took eight plays for Ortmann and Forker to work the ball to a point from which Ortmann made a touch down. Johnny Uram's kick for point was blocked.

After this Thiel braced and with a series of air plays, one of which was a 40 yard hurl, Snyder to Strickland, the Lutherans for the first time were in a scoring position. A pass into the end zone gave Slippery Rock the ball and it was the last chance Thiel was in a scoring position.

The win marked the third over Tri-State Conference opponents. The lineup:

The Teachers netted their first six points when Tatala took a short punt on Thiel's 40 yard and sped along the sidelines for the six points. The attempt for the extra point failed. The second six points ledged in the Teachers laps in the third period.

**Loss Scoring Position**  
Slippery Rock made several long forward passes and reached Thiel's 20 yard line. A 15 yard penalty halted the Teachers aerial attack. It took eight plays for Ortmann and Forker to work the ball to a point from which Ortmann made a touch down. Johnny Uram's kick for point was blocked.

After this Thiel braced and with a series of air plays, one of which was a 40 yard hurl, Snyder to Strickland, the Lutherans for the first time were in a scoring position. A pass into the end zone gave Slippery Rock the ball and it was the last chance Thiel was in a scoring position.

The win marked the third over Tri-State Conference opponents. The lineup:

**How Opponents Fared Saturday**

**New Kensington High Tops Braddock, Turtle Creek Wins, Youngstown Chaney Wins**

New Castle High School football opponents for the remainder of the season fared rather well in games played Saturday.

Butler kept its winning streak intact by taking the measure of a good Tarentum team 20 to 0. The Heinzmen have won five straight games. New Kensington High walloped Braddock High 20 to 0 in a non-league affair. New Castle in the opening game beat Braddock 28 to 0.

Turtle Creek Union had a big field day against Verona winning 21 to 0. New Castle plays at Turtle Creek this coming Saturday.

Youngstown Chaney upset the dope Saturday by handing a strong Weirton, West Virginia High team a 6 to 2 setback. Warren, Ohio high stopped Sharon 7 to 6 at Sharon.

Class AA circles Saturday Jeannette High went undefeated by scoring a 6 to 0 win over Monessen High. New Castle in another Conference battle, Charleroi swatted Clairton 13 to 7 in another Conference battle. Allerdice High took the measure of Allerdice High of Pittsburgh 6 to 0.

**Three Teams In Big Ten Bidding For Title Honors**

**Illinois, Ohio State And Michigan Are Strongest Teams In Mid-West**

**ILLINOIS-ARMY TO PLAY AT CLEVELAND**

(International News Service)  
CHICAGO, Oct. 16.—Out of Saturday's activity in the Western conference came the dark horse Illinois football team today equipped and ready to dispute league title honors with such powers as Michigan, Purdue and Ohio State.

The Illini line, together with the heady generalship of Jack Beynon, permitted Bob Zuppke's backs to shunt Wisconsin from the running 21 to 0 and hoist Illinois championship hopes for the first time in four years.

**Illinois-Armv.**  
While Ohio State and Michigan battle for No. 1 position among the teams in the Big Ten, Illinois meets the Army at Cleveland.

Chicago's eleven, revived under Clark Shaughnessy's "new deal" administration, likewise appeared on the horizon as a troublesome factor to the leaders of other years. Like Michigan and Ohio State, Chicago will be playing its first Big Ten game of the season Saturday when the Maroons meet Purdue.

After Purdue's failure to do better than the Minnesota Saturday, Chicago has been given an even chance to trip up the powerful Boilemaker eleven that last year went undefeated. Purdue apparently solved its quarterback question against Minnesota when Dan Towelle went into the game to save his mates from defeat with some expert signal calling.

**Digskin Puzzlers**

Questions asked by Eddie Collins, former Notre Dame star, answered by Frank Carideo, Missouri coach.

**QUESTIONS**  
1—(a) What is a touchback? (b) What is a safety?  
2—When a punted ball goes out of bounds between the goal lines where shall it be put in play?  
3—Under what circumstances should time be taken out?  
4—Kicker of O team standing behind his own goal line gets off bad kick which goes out of bounds before crossing goal line. Ruling?  
5—O team is kicking from behind its own goal line, kick is blocked, ball rolls behind goal line but is recovered and declared dead in possession of O team. Ruling?

**ANSWERS**  
1—(a) A touchback is made when a free ball or a ball legally in possession of a player guarding his own goal becomes dead on, above or behind the goal line if the force which sent it across the line was given by an opponent. (b) A safety differs from a touchback only in that the force which sends the ball across the goal line is given by a player of his own team.  
2—Ten yards in from the side line.  
3—While the ball is being brought out for a kickoff, after a touchback, safety, or a touchdown; during a try-for-point after touchdown; after a fair catch has been made; during enforcement of penalties; when the ball goes out of bounds; after an incomplete forward pass; during substitutions; or when play is suspended by the referee.  
4—Safety.  
5—Safety.

**Michigan Strong.**  
Michigan asserted its traditional power with a 40 to 0 victory over Cornell university while Ohio State battered Vanderbilt university in approved Buckeye style. The performances of both foretold a close fight for Saturday.

Dirk Thomsen, predicted for Wisconsin next Saturday when the men coached by Dr. Clarence Spears meet Iowa eleven that whipped Northwestern in the season's opener.

Northwestern will try for a new start against Indiana's heavy eleven Saturday. Indiana's husky eleven lost to a not-to-starting Notre Dame army 12 to 2, but is conceded an almost even chance of upsetting Northwestern.

Notre Dame, a close neighbor but not a member of the Western conference, clashes with Carnegie Tech at Pittsburgh this week-end.

Minnesota's eleven, powerful but lacking direction, collides with the undefeated Pittsburgh eleven at Minneapolis on Saturday.

**Local Golfers Lose To Schenley**

**Hilly Course Proves Undoing Of New Castle Team In Match Sunday**

New Castle's golfers fared rather poorly against the strong Schenley Park team Sunday, in the return match played on the Schenley course.

The locals were unable to solve the intricacies of the hilly Schenley course and failed to score very heavily. Emil Mandine, playing Dr. R. G. Brandon, took his match, while Art Pioletti, defeated Tom Barr, left-handed champion of western Pennsylvania.

Mrs. Freda Nolan halved with Mrs. Margaret Curry, Municipal links champion of Pittsburgh, while the other local golfers who scored points were Tobe Penati, Robert Thompson, R. E. Molesworth, Charles Kay and Frank Summers.

The local team was composed of W. M. Nunn, M. K. Gilliland, Robert Thompson, R. E. Molesworth, Emil Mandine, Willie Grossmes, Charles Kay, Dr. H. A. Frank, Robert Vogan, E. Sowersby, Ed. Smith, Ted Woodrow, Sam Lewis, Frank Summers, Ollie West, William Twaddle, Lee Clark, Walt Vogan, Tobe Penati, Babe Clark, Art Pioletti, Tucker Nolan, Mike Lombardo, Gene Veri, Ed. Long, John Crombie, James Deegan and James Fowler.

Special matches were played between William G. Fleming and Angelo Monsie against Monty Oneretta and Robert Graham, Schenley Park pros, and between Mrs. Freda Nolan and Mrs. Margaret Curry.

**Jefferson Robins Defeat Carnegie**

Jefferson Robins won their third game of the season when they beat the Carnegie Juniors seven to six Saturday. C. Sontania and F. Nocera played best for the winners and Perrett put a good game for the losers. Joe Fratz is president of the Robins, Louis Robins, vice president, Napoleon Tomasek, sergeant-at-arms, and Albert Amodie, correspondent.

**Here And There In Sports' Land**

An effort to revive pro boxing in Pittsburgh will be made tonight by Eddie Kappan who has taken over the Moose Temple arena. Buck is anxious to climb back to a position where he can challenge then fight Teddy Yarosz of Monaca.

Arthur Ehlers, 21, Oelwein, Pa., died yesterday of a brain injury received in practice at the University of Iowa. Iowa City, recently Philadelphia hospital attaches reported today that Omar Cannon, Franklin and Marshall guard, hurt in the game with Penn suffered a fracture of the transverse process of the lumbar vertebrae. He will be out of the game the rest of the season. Two Colgate griders, Davis and O'Hara will be out of the game two weeks. Davis has a dislocated elbow and O'Hara a severe knee strain.

**Titans To Play Thiel Saturday**

**Leyschock On Injured List Following Game With Geneva**

(Special To The News)  
NEW WILLIAMSTON, Pa., Oct. 16.—Two Tri-State conference teams, neither of which has won a football game this season, clash at Greenville Saturday afternoon. These are Thiel and Westminster.

Both teams have lost to Geneva, favored to win the conference crown. Thiel was defeated 20-0 and Westminster 20-0. Both teams are about equal, although the Lutherans have more substitutes than the Titans.

Following the Geneva game Friday night, Team Trainer Jack Hulme reported that Leyschock was the only Titan on the injured list as a result of the game. Walt Young, a guard, is also on the injured list.

The Titans held no drills on Saturday, but start this afternoon at 3:30 to point for the Thiel game.

In addition to the Titan squad and officials, the Westminster band, under direction of Prof. Donald Cameron, will go to Greenville for the game Saturday.

## Three Thousand At Field Trials

Mustard Spot Wins First Place In Derby For Bird Dogs

### BIG POISON WINS COON CHASE EVENT

Three thousand people attended the first annual field day conducted by the Lawrence County Sportsmen's association Saturday at the Fair ground. Some of the best dogs of the hunting species in eastern Ohio and western Pennsylvania were in the trials. There were various other events, such as archery, trapshooting, pistol and rifle shooting. The judge of the trials for bird dogs was A. Hunter Willis, Erie, a member of the state game commission. Andrew Dodds is the association's president. The program got under way about 11 a. m. and the various trials were staged in widely separated sections of the fair ground and adjoining land. All of the affairs were staged simultaneously and on account of the large number of entries in the events it was necessary to run quite a few heats. Throughout the day and up to seven p. m. when the affair ended thousands of people the smallest estimate being placed at three, was concluded. Valuable prizes were awarded in each event.

The winners and dogs which placed in the field trials for bird dogs follow:

First, Bit O'Honey owned by Mrs. L. A. Park, Bewickley; second, Patsy Gay, owned by Frank Hoyt, New Castle; third, Eugene Jersey Buddy, owned by Charles Holcomb, Homestead. Honorable mention went to Freckles owned by C. J. Seward, this city.

In the Derby stake C. W. Nickles of Connoquessing, Pa., took first place with Mustard Spot and second place went to Muskogee Girl, also owned by Seward. T. A. George took third place with Muskogee Jake, and honorable mention was given Gay Boy Senation owned by Tom O'Brien of Union township.

There was a big class of entries in the Beagle trials and this, like the all age stake and the Derby stake, required considerable time to run off. The winners follow:

Beagles, first class 13 inch and under, first, Boney, owned by J. L. Rhel, Youngstown; second, Amos, owned by Ralph McCormick, R. D. 9, New Castle and third place was won by Betsy, owned also by J. L. Rhel, Youngstown.

In the 15 inch and under class first went to Bob, owned by E. W. Claypool, Youngstown, second to Red, owned by Bob Grinhen of Wampum and third place was taken by Lady, owned by J. L. Rhel of Youngstown.

Bob Places First The free-for-all for beagles was captured by Bob, owned by E. W. Claypool, Youngstown. Fanny Forbes took second place. She is owned by H. E. Forbes of R. D. 4, New Castle. Rolly, owned by Nick Rotunno, New Castle took third place.

In the Springer Spaniel event Johnny Ingham's Rocky took first place and Betty owned by Harry L. McCormick took second place.

There are several score coon dogs entered in the coon dog trials and after half a dozen heats had been staged the finale were held and resulted in winners as follows:

First, Big Polson, owned by E. W. Warner, New Middletown, O.; second, Bud, owned by J. N. Joiner, New Castle and third, Barney, owned by J. M. Barnhart, Leechdale.

Following the regular events a pot coon chase was held and F. McCormick of Sharon won with Don B. L. Penwell, F. V. Kelly and J. N. Joiner had their dogs in the field.

While the dog fanciers were having their inning, Bob Sutton of Franklin, demonstrated archery and how the bow and arrow is used in hunting big game. He gave exhibitions of shooting at deer, bears and targets, stationery and tossed into the air. It was an interesting exhibition.

Fancy Shooting Virgil Richard, gave exhibitions in trick and fancy shooting and his display of accuracy was interesting to hundreds of people. He also demonstrated the right and wrong way of handling shotguns.

At the traps, Lewis class, the winners in the first round, best out of 50 follows: Atkinson, 47; Mutter, 48;

Pugh, 40 and Steen 48. In the second round, best out of 50, the winners were: Lambert 47, Zesby 35, Ward 38; Murdock 44 and Perschka 42. In the third round, best out of 50, the winners were: Mutter, first; Atkinson, second and Lambertson, third.

Gardner won the snaphooting or grouse shooting event. Mosworth was second, McClung, third; Moody, fourth; Lang, fifth; and Pugh, sixth. Gardner and Mosworth were tied for first place and in the snaphooting, Mosworth won first place.

There were also pistol and rifle events.

Committee Deserves Praise Throughout the day the sportsmen, friends and guests were ably taken care of not only by the sportsmen's various committees but by Scoutmaster Ralph Davis, assistant Harry Miller and Highland Church Scouts named as follows: Tom Cunningham, Bob Evans, Chalmers Sprout, Jack Ligo, Tom McFate, Dick Gilmore, Jack Carroll, Walter, Tom and Bob Green; Chauncey Shaler, Dick Johns and Bob Dicks.

Among the prominent from other sections were A. Hunter Willis, Erie, who acted as a judge, Jared Reis, former game commission members and Charles Hoskins of Homestead. There was a lunch stand in the food display building. The weather was ideal and the committee men who aid President Dodds deserves unstinted praise for the manner in which the affair was conducted. It is to become an annual affair here.

### GROVE CITY HIGH TOPS UNION 27-19

(Continued From Preceding Page)

to Morrison for the extra point. Grove City 27, Union 19.

Joe Todd Scores Morrison kicked off to W. Cookson, who returned the ball 10 yards. Grove City drew a 5-yard penalty. W. Cookson failed to gain. Hosack kicked to Todd, who ran the ball back 40 yards on a nice play. Union now had the ball on the Grove City 20-yard line. Coach Hartman sent his first team back into the game at this point to try and stop Union. Grove City was penalized five yards for an extra time out. Monico tossed a neat pass to Todd near the goal line for the third Union touchdown, catching the Groves asleep. It was a well executed play and brainy work on the part of young Joe Todd, the signal barker for Union. There was only time for another kickoff left and the game ended with Grove City having the ball on the Grove City 45-yard line as the game ended.

Union Passes Work In picking out individual stars of which we can not overlook young Joe Todd, the Union quarterback, who scored twice and played a smart game on the field. Morrison also looked good in the Union backfield. On the line the outstanding plays were made by Wayne White, Rudesill, Hughes and Schaefer. Grove City's work of Joe Cookson, Smith, Cleo, King and Vogan stood out brilliantly.

Grove City had 11 first downs to five for Union. Union tried 11 passes and made good six of them. Grove City flipped seven forwards and made good three of them.

Nelson, pastor of the Second Baptist church, announces that there will be a musical program in the church Tuesday evening at 8 o'clock when a ladies quartet from Live Oak, Fla., will present spiritual songs, jubilees, classics and readings. They are from the Florida Memorial College and are under the direction of Mrs. R. L. Holley. There will be no admission charge.

TRINITY MEN'S CLUB TO MEET A meeting of the Men's Club in Trinity Episcopal church will be held this evening at eight o'clock in the guild room of the church. The speakers of the evening will be members of the New Castle High School Coaching staff. An interesting program is promised by Presley N. Jones, president of the club.

### Market Decline Checked Today

Stock Market Is Weighed Down By Strength Of Dollar And Commodity Pressure

SUPPORT IS SHOWN BY LEADING ISSUES

By LESLIE GOULD International News Service Financial Writer

NEW YORK, Oct. 16.—The stock market was weighed down by further strength in the dollar and pressure on commodity prices today.

Support was shown in leading issues after Saturday's resistance, however, and the list firm up after falling 1 to 2 points in the early session. A rally in grains after a heavy opening helped.

The dollar soared against foreign currencies, crossing 70 cents gold. Though this represented largely the flight of European capital due to the war tension on the continent, it had an unsettling influence on stocks and particularly on commodities.

Rye was the weakest of the grains, tumbling more than 4 cents a bushel at the opening but regained most of its loss later. Wheat, corn and oats displayed resistance, with early prices running from a cent under to a cent a bushel above the previous close. Cotton lost \$1 a bale.

Alcohol stocks displayed a thin market, and losses ran to 2 points and more before support appeared. Metals continued depressed by liquidation of inflationary bull positions. Gold stocks were weak as the dollar soared, announcing a further decline in the treasury's daily gold price.

U. S. Steel gave way easily at first but met scale-down support and came back quickly. Other steels followed in sympathy.

Rails stocks were under pressure due to last week's unfavorable traffic report, lagged behind the rest when the market firmed.

## Ellwood High In Scoreless Battle With Greenville

Ellwoodians Are Unable To Score As Greenville Is Outplayed Saturday

### MORGAN MEN PUT UP STUBBORN FIGHT

ELLWOOD CITY, Oct. 15.—Outplaying their opponents on the home field was the best the Ellwood City high gridgers could do as the Greenville high school team put up a stubborn battle Saturday afternoon at Greenville high field. The game ended in a scoreless tie, after an hour of hard clean playing.

Three times the Ellwoodians reached the 10-yard marker where they were stopped dead. A scoring punch was lacking. When the Benedict coached combination would get this far, all plays seemed to refuse to function. The gridgers from the Tube City outran, outpassed and outplayed Greenville high, but could not score on them. The first downs read 6 to 2 for Ellwood. Greenville's two came in the second half on passes.

There was some fine ball carrying by Captain Lusenberg, Beane and Scopellite. "Wishy" Fransus played his usual good game in passing, punting and running. Sowash was the outstanding figure in the Greenville backfield. He was a very capable threat performer around built.

Krampack and Snyder also played a good game. In the line for the blue and white Locassiano, Pishonieri, Rocco and Shirey played stellar roles. Passmore, Wyatt, Barth and Myers played a good game in the Greenville backfield.

The early part of the initial stanza seemed back and forth. Towards the end of the period Capt. Lusenberg electrified the crowd by breaking through left guard for 22 yards before he was brought down by the safety man. It seemed for a moment that he was going to get away, but Marzano, Greenville quarterback, soon after the resumption of rivalries in the third quarter when Ellwood recovered a Greenville fumble on about the latter's own 18. The Tubers advanced it to the 10-yard line in two plays, but on the next one Fransus fumbled and Greenville recovered. The home team immediately kicked off and the play for the remainder of the period the players continued to change hands frequently without either team making any noticeable gain.

In the final chapter both teams resorted to the air often in an effort to score. Many passes were intercepted by the blue and white during the game. The Morgan men also intercepted number one Tony Scopellite's underhand pass.

Re made several appreciable runs and intercepted three passes for some fine gains. The Benedict men only got as far as their own 30-yard line in the stanza in one of their offensive drives mixed with passes.

The game was featured by good clean blocking and tackling. Only five-yard penalties were imposed during the game. The Ellwoodians were surprised at the determined fight of the Greenville team and had their hands full throughout.

For the next three weeks the Benedict men will have their games on their home turf with Sharpville, Monaca and Alliquippa coming here respectively. Their chief concern now is Sharpville, which is bowling over all class B schools and defeating some good class A teams. Another hard battle is in prospect for next Saturday.

## Hickory Knell Church Of God Is Rededicated

Many Visitors From Far And Near Come For Services On Sunday

ELLWOOD CITY, Oct. 16.—Sunday, October 15, will be remembered as an outstanding date in the history of the Hickory Knell Church of God at Lillyville when former ministers, members and friends came from far and near to attend the combined rally, Homecoming and Rededication services held yesterday at that place. The church was filled to capacity at each of the sessions.

The attention of the visitors was drawn to the spic and span condition of the newly papered walls, varnished seats and other improvements enhanced by the brilliantly colored flowers and leaves decorating the pulpit and altar.

Rev. Harold Woods, pastor of the church extended welcoming remarks to the congregation and presided during the day. A record attendance was present at the rally day exercises which opened the program. The key-note address was given at 11 o'clock by Rev. S. O. Aiken, a former pastor of the church two decades ago and now of Indian Head. Visitors accompanied the various members to their homes for dinner.

Rev. Clarence Main of West Newton, who was scheduled for the afternoon address was unable to be present. Rev. Frank Connor of Canton, O., commendably filled his place and gave a timely and forceful address. This was followed by a duet by Miss Mary Blocher and P. W. Blocher accompanied by Mrs. George Atkinson, all of Ellwood.

The Christian Endeavor society meeting at 7 o'clock was addressed by Rev. W. T. Wilson, pastor of the neighboring Lutheran church. Mrs. William Slade accompanied by Mrs. Roy McDaniel rendered an inspiring solo.

The closing address of the evening was given by Rev. J. L. Updegraff of Mt. Pleasant who paid a glowing tribute to the splendid work that has been done by the minister and his parishioners. Miss Ruth Guy accompanied by Miss Wilma Clyde contributed a beautiful solo.

Evangelistic services will be held each evening during this week beginning at 8 o'clock and will be presided by a song and praise service.

The pastor will address the gathering tonight. On Tuesday, Wednesday and Thursday evenings, the Clifton Evangelistic party of Tarentum will conduct the services assisted by the pastor.

F. H. C. MEETING ELLWOOD CITY, Oct. 16.—The local F. H. C. will hold its regular meeting Tuesday night in the Schweiger hall. Following the business session a Halloween party will be enjoyed. Junior members will meet at 6:30.

GIRL SCOUTS HAVE HIKE ELLWOOD CITY, Oct. 16.—A fine hike was enjoyed by the Nightingale Girl Scout Troop of this city last Saturday. They cooked their own meals. Miss Dorothy Tomb was in charge.

U. P. CHURCH ELLWOOD CITY, Oct. 16.—Willing Workers class will hold a Halloween party Thursday night at the home of Mrs. Mary Hepler in Wurttemberg. Husbands and friends of the members will be special guests.

ELLWOOD PERSONALS Mr. and Mrs. T. W. Bouck and family motored to Clarion and Ridgely Sunday where they visited with Mr. and Mrs. Dewey Boltz, former resident of Ellwood City.

Mr. and Mrs. David VanGorder, Mr. and Mrs. Amos Wiley of Ellwood City and Granddaughter Theda Gooch of New Castle visited Rev. Erhart at Beiloh, O., Sunday.

Mr. and Mrs. J. L. Porter and the Misses Rosemary McCandless, Ethel Murphy, and Inez Zeigler motored to Delaware, O., for the week end where they visited their daughter, Miss Bernice Porter, Bookie Helling, Don and Fern Cloak at Ohio Wesleyan University.

## Ford Plant At Chester Resume

(International News Service)

CHESTER, Pa., Oct. 16.—The export assembly plant of the Ford Motor company here where about 2,000 workers are on strike, resumed operations after a curtailed schedule today without expected violence.

One of the strike leaders was taken into custody by police when he attempted to harangue the 900 workers who returned to the plant.

Police, armed with tear gas bombs, stood guard at the gates but no violence occurred.

The workers returning today were recruited by special delivery letters sent out Thursday.

## Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

### FUMIGATE GRAIN TO STOP WEEVIL DAMAGE

Weevils will cause considerable damage to stored grain unless control measures are practiced. The use of carbon bisulphide as a fumigant to put a halt to the destroyers is recommended.

Three pounds of carbon bisulphide to 100 bushels of grain is the rate. The bin should be absolutely tight. The liquid should be put in shallow tins placed on the surface of the grain. The liquid will evaporate and the gas will penetrate downward through the grain. Another method consists of sprinkling the liquid on the grain and spreading the liquid on it, afterward covering with blankets or sacks. Close the granary tight for 12 to 24 hours. Then air the place before entering.

Carbon bisulphide, like gasoline, is very inflammable. It should be kept away from lights and fires.

### BALANCED RATIONS AID ECONOMY IN DAIRYING

Present economic conditions in the dairy business call for careful attention to the feeding and management of dairy cattle.

Dairy farming is primarily a business of raising a variety of crops on the farm and then marketing the crops through the dairy cows in the form of milk. The dairyman's problem is to feed and manage the herd so as to get the largest possible

amount of milk from a given amount of feed. Marked differences often exist between herds in this respect even though the herds may be eating the same amount of feed. The differences are largely due to whether or not the ration is balanced or unbalanced.

To balance a ration correctly requires no complicated system of figuring. Simple rules based on ordinary farm needs have been worked out that anyone can easily adapt to his own conditions.

These rules are given in a circular, "Feeding the Dairy Cow", published by the agricultural extension service of the Pennsylvania State college. Any dairyman who is interested in improving his feeding practice may get a copy at the county agricultural extension office in New Castle and follow its general rules on feeding and management.

### PROMPT STORAGE SHOULD FOLLOW FRUIT HARVEST

A living organism, the apple breathes somewhat an animals do. This breathing or respiration, however, involves the burning of the stored food in the apple, and there is only a limited amount which can be used before internal breakdown begins.

Rate of respiration is controlled by temperature. It has been found that the rate is two to three times as fast at 50 degrees Fahrenheit as at 32 degrees. Thus the greatest storage life of apples is secured when they are kept at the lowest possible temperature above the freezing point from the time they are picked.

Though the apple may not actually freeze until it has been cooled to 25 degrees, it is not generally considered practical to hold the fruit below 30 to 32 degrees in cold storage. In common storage a temperature of 35 to 40 degrees is considered quite satisfactory during the early fall, although the ideal would be 30 to 32.

Leaving the apples in the packing shed or in piles under the trees for a week at an average temperature of 68 degrees means that the stor-

age life of the fruit at 32 degrees is shortened by about five weeks.

Growers often find it difficult to lower quickly the temperature in the storage room after a large volume of warm fruit has been hauled in. Some men partially overcome this difficulty by setting the fruit in the shade as it is picked, allowing it to stand in the orchard and cool overnight, and hauling it to the storage in the early morning before it has had time to warm up.

Good ventilation in the storage further helps to accomplish this same purpose. Doors, windows and ventilating shafts would be so arranged that the air will move thru the entire length of the room, thus bringing a fresh of cool air to each fruit. A slatted false floor raised eight to ten inches above the storage floor and an open space of four to six inches between the fruit containers and side walls will facilitate circulation. There should be a space of about two feet between the fruit and the ceiling.

Incoming air is quickly cooled by the earth floor of a storage. Thus in cooling fruit, even though the outside air is warmer than the storage floor, the apples may often be cooled more quickly during the day-time with doors open than with no ventilation. Of course, the doors should always be open at night until there is danger of freezing.

If the sun shines directly into the storage when the doors are open, they should be closed during warm days or a vestibule built over them for shade.

### EXCLUDE LIGHT IN BLANCHING CELERY

Green coloring in celery is destroyed by blanching or bleaching. Light must be excluded completely from the plant while it continues to grow in order to accomplish this purpose.

Boards, heavy paper, 4-inch drain tile or soil may be used.

Ten to 12-inch boards are placed on each side of the row, close to the plants, and held in place with stakes. Soil is placed along the lower edge of the boards to keep out any light that may come through openings by unevenness of the soil surface.

Heavy paper may be used instead of boards. A 3-foot wide roll of roofing paper (without tar) may be sawed into three 1-foot rolls for this purpose. The paper is unrolled along each side of the row and held in place by wires bent into the shape of an inverted U, which are placed over the row with one leg on each side and the ends pushed into the soil.

Where only a few stalks are to be blanched at a time, ordinary farm drain tile, or cylinders of heavy paper tied around the stalks, may be used.

Rapidly growing celery requires less time to blanch than the slowly growing types, or in cool or dry weather. The Easy Blanching variety requires from one to three weeks. The green types take longer, but are seldom blanched completely in the field. The process is finished in storage.

### HUSBAND PUTS HIS WIFE OUT OF HOME

Police authorities were called Saturday night to the home of Walter Duffy, where they found that he after putting his wife and children out of the house, had hidden himself in the attic, where he was located and arrested. He was given thirty days in the county jail to get into a different frame of mind and treat his family better.

### Patients At Jameson Hospital Frequently Need Appetite-Ticklers, Says Dr. Bissell

The Jameson Memorial Hospital Aide Society is sponsoring two annual Food Donation Days, Friday and Saturday, October 27 and 28, when all people of city and county will be asked to contribute food to the hospital. Here is an interesting little side-light on the importance of the donations to the hospital patients, as stated by Dr. W. W. Bissell, superintendent:

"Meals numbering 193,884 were served in Jameson Memorial Hospital during 1932. Experience so far in 1933 indicates a service of 224,000 meals in 1933 and a probable service of 250,000 meals in 1934.

Approximately 55% of these meals are patient and 45% meals to personnel. Patient meals are served strictly as ordered by doctors and are classified as liquid trays, soft trays and full diet trays. Not infrequently a patient may feel he is not getting enough in eat when he is receiving his doctors dietary orders.

To the doctor and to the hospital such complaint is usually a sure sign that the patient is getting well. Full diet is ordered and the patient finds that his eyes are bigger than his stomach. He needs a touch of something to tickle the appetite, not medicine, but food. Just a touch of some good relish; a touch of sweet with his breakfast toast; a little crystal clear color of jelly to appeal to his stomach both through his eyes and his palate.

"These little aids to appetite are simply not to be had except out of the kitchens of our homes where the secrets of home-made flavor are guarded. Frequently a glass of home-made appetizer off the cellar shelf is worth more than a gallon of tonic out of the apothecary shop. Some women give our hospital their choice selections by the dozen every year. Others remember the sick with just a few. Even one little glass is likely to be a direct aid in starting several sick persons back to robust health and holding several others on that course. Set something aside right now.

"Friday and Saturday, October 27th and 28th are the days."

### Pastor Discusses Repeal In Nation

Declares Administrative Pressure Used On States In Securing Vote

Declaring that administrative pressure had been used on states, and that the vote of the states thus far had not been representative of all the people, Rev. Walter E. McClure, pastor of the First Presbyterian church, preached on "The Repeal Stampede" Sunday night.

"When beer came back we were told that this was all the wets wanted," said Rev. McClure. "We know now they were lying. Repeal of the 18th amendment seems certain now and all we can do is to prepare for it. Drinking people are going to debauch themselves and their country, but we'll bury a lot of them in the next five years."

"The vote in the states registering their will on repeal has been small. Even in New York, where there are seven million voters, where 5,000,000 voted for the presidency, only 2,000,000 voted on the repeal question. The Wets had their crowd out at the polls but the Drys have taken no interest.

"The return of whiskey will give us some prosperity I have no doubt and what a grand time we are going to have spending the money. The government is preparing to issue \$3,000,000,000 of bonds for public improvements the bonds to be paid off from liquor taxes. After we've spent the money, the Wets will always argue against prohibition because the bonds will have to be paid."

Rev. McClure did not touch upon the question locally, confining himself to the question of repeal as a national issue. On October 29 he will preach a sermon he has been "threatening" to preach for five years, a sermon on the "Indecency of our Generation and our Community."

### Police Visit Hamid Place Saturday Night

Seven Persons Are Arrested By Officers Visiting The Place

Police visited the place of Mike and Mency Hamid, 1209 Cunningham Ave., which is located in the vicinity of Benjamin Franklin Junior High school, on Saturday evening and arrested Mrs. Mency Hamid on a charge of suspicion, her husband, Mike Hamid on a charge of inmate of a disorderly house and five visitors found there. Mrs. Hamid put up a forfeit of \$100 for her appearance on Sunday morning and failing to appear at that time, her money was declared the property of the city.

Her husband was assessed a fine of \$50 which he agreed to pay this week, while the visitors were assessed fines of \$10 each.
